

Quick Start Guide

FCC-ID: 2A4B7-1021

Product Model Number: V4E6N2

Date: 08/15/2022

Blueberry Cornel LLC

Quick Start Guide

Included In-Box:

- Device
- Power Adapter

Activate Device:

Step 1: Download the app from you App store.

Step 2: Power on the device by connecting the power adapter to the device and plugging it into a power outlet. Device will enter pairing mode (“pair” will appear in the clock display)

Step 3: Open up the app and follow the instructions in the app to set up your profile and register your account.

Step 4: Next, the app will attempt to pair the device with the app. If successful, “conn” (for connect) will appear in the clock display to await network and password information from the app.

Step 5: Follow the instructions in the app to select your network from the list of displayed SSID’s and enter your password. The device will then attempt to connect to the network. If successful, “done” will appear in the clock display for 1-2 seconds along with a confirmation screen in the app.

Step 6: Follow the remaining instructions in the app to complete setup.
