

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	 A photograph showing the internal components of an EUT housing. On the left is a black plastic housing with a green PCB and a white circular component (likely a battery) inside. On the right is a separate black plastic component. A ruler is placed below the components for scale, showing measurements in centimeters and millimeters.
Solder Board-Component View 1	 A close-up photograph of a green PCB component. The component features a large copper coil, a red cylindrical component, and various electronic components. A ruler is placed below the component for scale, showing measurements in centimeters and millimeters.

Solder Board-Component View 2	 A photograph of a green printed circuit board (PCB) component, labeled '2', showing various electronic components like resistors and capacitors. The component is placed on a blue textured surface next to a metal ruler for scale. The ruler has markings in centimeters (0 to 7) and millimeters (0.5 mm to 7 mm).
Solder Board-Component View 3	 A photograph of the same green PCB component, labeled '3', showing a different view or soldering details. It is placed on the same blue textured surface next to the same metal ruler for scale.
