
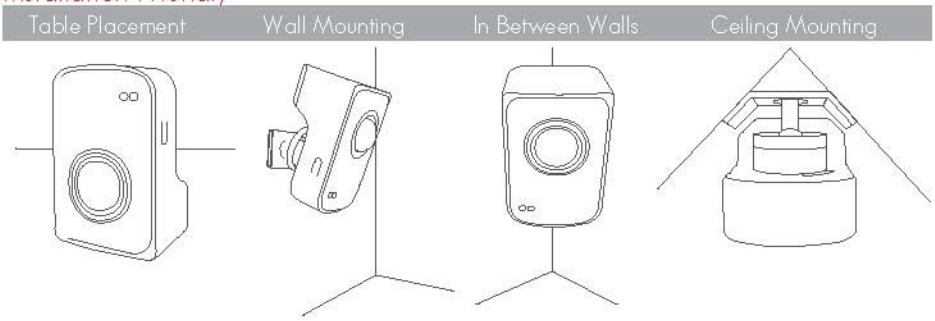
52 x 79 x 60mm
2 x 3.1 x 2.4 inches
88.4g/3.1oz

* Pull off the battery strip to power on the unit

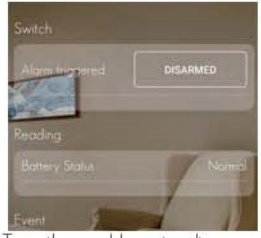
FCC ID Q2N-SPM06HML

When detect any movement, it will send the notification to your mobile instantly, you can also check the notification history form Log > Event.

Installation Friendly



Device box turn red when detect movement.



Tap the red box to disarm the device.

Check the history form Log > Event.

Testing : Leave the room for the sensor you are testing then wait 1 minute. Re-enter the room and the APP will receiving a notification showing "Motion Sensor is triggered."

Wireless range	Up to 25 meters/82 feet (depending on situation)
Suggested mounting height	2 ~ 2.4 meters/6.6 feet ~ 7.9feet
Detection range	Approx. 9 meter(29.5feet), 93 degree vertical, and 110 degree Horizonal.
Battery	CR123A X 2/ Battery life up to1 year (depending on usage model)
Operating range	0°C - 40°C/ Humidity 20% ~ 90%RH (Non-condensing)
LED indication	Green for communication/ Red for detecting moving object(s)

The Federal Communication Commission Statement

This equipment has been tested and found to comply with the limits for a Class B Digital Device, pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instruction, may cause harmful interference to radio communication. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of more of the following measures: -

- **Reorient or relocate the receiving antenna.**
- **Increase the separation between the equipment and receiver.**
- **Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.**
- **Consult the dealer or an experienced Radio/TV technician for help.**

Use only shielded cables to connect I/O devices to this equipment. You are cautioned that change or modifications not expressly approved by the party responsible for compliance could void your authority to operate the equipment.

THIS DEVICE COMPLIES WITH PART 15 OF FCC RULES. OPERATION IS SUBJECT TO THE FOLLOWING TWO CONDITIONS:

1 This device may not cause harmful interference and
2 This device must accept any interference received, including interference that may cause undesired operation.

The antenna used for this transmitter must not be collocated or operation in conjunction with any other antenna or transmitter.

Notice : The changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

IMPORTANT NOTE: To comply with the FCC RF exposure compliance requirements, no change to the antenna or the device is permitted. Any change to the antenna or the device could result in the device exceeding the RF exposure requirements and void user's authority to operate the device.
