2. Function Introduction

◎ Power On/Off

Long press the【On/Off】button for about 3 seconds.

◎ WIFI Connection

Go to【Settings】and turn the【WiFi switch】ON, then choose a usable WIFI to connect.

After connecting successfully, there will be the WIFI icon at the top right corner.

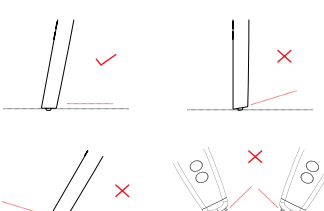
When using this product outdoors, you can choose to use the mobile hotspot for WiFi connection.

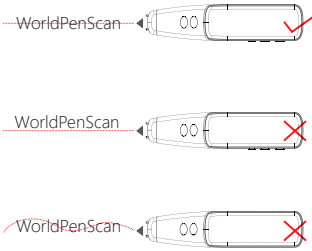
◎ Dictionary Lookup

Tap the【Dictionary Lookup】icon to enter and scan a text on the book.

Hold the pen, aim the alignment line on the pen tip to the middle of the text, gently press down the pen tip to let the light bright up, then drag the pen to the right at a steady and constant speed, and lift the pen at the end of the text to finish scanning.

Caution:
· Please tilt the pen tip slightly to let it touches the paper surface.





After scanning, tap a word to check the dictionary contents.

Swipe from the right side of the screen to the left to pull out the menu to enter advanced settings.

Tap【Speaker】icon to speak out, tap【Star】icon to add it into favorite.

◎ Live Translation

After connecting to the WIFI network, tap【Live Translation】icon to enter this feature.

Set the languages you are going to use, then press and hold the A or B button corresponding to your languages and start speaking. After you release the botton, you can directly translate into the other language and read it aloud.

◎ Instant Translation

Tap【Instant Translation】icon to enter and scan sentences on the book, then the translations will show up.

Tap the sentences to speak out, and swipe from the right side of the screen to the left to pull out the menu to enter advanced settings.

◎ Text Capture

Tap【Text Capture】icon to enter.

Create a file then you can start to scan the document.

After scanning, you can edit the file name or delete the file.

◎ Recorder

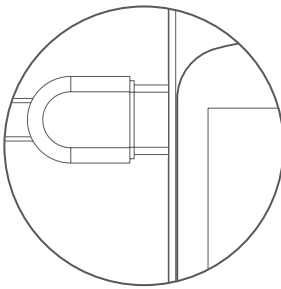
Tap【Recorder】icon to enter.

Create a file then you can start to record the voices.

◎ USB Charging

When the system prompts that the battery is low, please charge it in time.

It takes 2-3 hours to charge the pen.



Please use the specific USB Type-C cable with the DC5V---1A-3A adaptor to charge.

◎ Connect to Computer

Please use the specific USB Type-C cable to connect with your computer.

You can access the files after the volume of the pen appears on the computer.

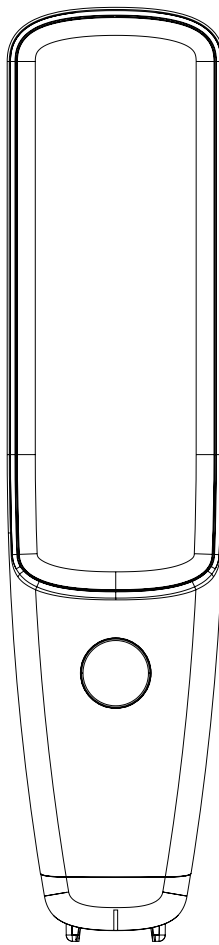
User Manual



This manual contains important information, please keep it for future use.

FCC Requirement

changes or modifications not expressly approved by the party responsible for compliance could void the user' s authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and

(2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

– Reorient or relocate the receiving antenna.

– Increase the separation between the equipment and receiver.

– Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

– Consult the dealer or an experienced radio/TV technician for help.
