◇ English Instructions

01-05

Before using this product, please read and make sure you understand the instructions ("User Manual"), and other safety guidelines to ensure your safety and prevent unnecessary harm resulting from improper use. Your use of this product will be considered as your acceptance of all the terms related to this product.

[User Manual]

Dear user: Thank you for using this product. To ensure your safety and benefits, please read the instructions carefully before use.

[Disclaimer]

1. Be sure to use the product with the original AC power cord and at a voltage of 100-240V. Beelink shall bear no liability for any issues or failures caused by your use of a third-party AC power cord.
2. Users may utilize music, videos, pictures, and software provided by a third party, but Beelink shall not be held responsible for any copyright issues or software failures.
3. In case of a product failure, Beelink will strictly adhere to the warranty terms. However, Beelink shall not be liable for any property or economic loss that may arise during use.
4. The device is shipped with pre-installed software, which can be used after your proper testing. The uninstallation of the software during compatibility or other issue checks will not impact the quality of the device.
5. Beelink reserves the right to improve the products at any time. Specifications or design of the actual products are subject to change without notice.

[Disclaimer for the Built-in Battery]

Please charge the product strictly in accordance with the instructions and do not remove or replace the built-in battery. Please also be aware of the following:

1. Avoid squeezing or piercing the battery.
2. Prevent the battery from getting in contact with water or other liquids.
3. Keep the battery away from fire.
4. Please cease using this product immediately if:
 - a. the battery is damaged.
 - b. there's any liquid leaking from the device.
 - c. there are foreign objects accumulating on the leads.

[Product Description]

With an operating system installed, this product can be used for home entertainment and office purposes when connected to the internet. It can be connected to a variety of display devices, such as monitors, TV sets, and projectors.

[Buttons and Ports]

- ⚠** The four small holes on the top are microphone array holes. Do not block or poke them to avoid damaging the microphones and degrading audio pickup performance.

① Fingerprint Scanner

② Power Indicator Light

③ 3.5mm audio jack

④ SD Card Slot

⑤ Type-C Port

⑥ AC power cord Port

⑦ USB4 Port

⑧ HDMI Port

⑨ DP Port

⑩ LAN Port

⑪ USB Port

- ⚠** The CLR CMOS button is integrated within the rear 3.5 mm audio jack. Press it using a slender object at least 2.5 cm long.

[Quick Setup Guide]

- 1** Connect the device to a monitor using an HDMI cable, a DisplayPort cable, or a Type-C cable.
- 2** Connect the device to a power socket with the provided AC power cord and boot it up.
- 3** Connect a keyboard and mouse to the device through the USB ports or via Bluetooth (Mice or keyboards are not included in the retail package).
- 4** Use an Ethernet cable or Wi-Fi to connect the device to the internet. Note: You need to configure the Wi-Fi settings on the device for wireless network connection.

【SSD Installation】

Note: The following installation operations should be performed when the power is disconnected

1. Remove the four silicone plugs on the bottom vent cover, then unscrew the four screws beneath them.

2. Disconnect the speaker ribbon cable.

3. Remove the screws securing the SSD heatsink and detach the heatsink. (Note: Before installation, be sure to peel off the protective film from the thermal pad on the heatsink to ensure effective heat dissipation.)

4. Align the notch on the SSD with the key in the M.2 slot on the motherboard. Slide the SSD into place, then secure it with a screw.

[Precautions for Use]

In order to continuously improve the user experience, Beelink may occasionally update applications and firmware.

- Do not use strong chemical solvents to clean the product, and we recommend you wipe it with a soft cloth.
- Please keep this product away from fire.
- Please do not try to open the case or perform repairs yourself. If a failure occurs, please contact Beelink's customer service.
- When cleaning the electronic product, please keep it dry and be cautious of electric shocks.
- Please check whether any cables or plugs are worn or damaged.
- Do not dispose of the product carelessly. Be mindful to protect the environment.
- Working environment temperature: -10°C-45°C; humidity: 30%-85%.
- Storage environment temperature: -20°C-60°C; humidity: 10%-90%.

[Waste Recycling Instruction]

Users intending to dispose of a Beelink product are recommended to comply with local laws and regulations on waste electrical and electronic equipment recycling. Please send the product to a local organization certified by the government for recycling.

FCC COMPLIANCE STATEMENT:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. Consult the dealer or an experienced radio/TV technician for help.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC Radiation Exposure Statement

This equipment must be installed and operated in accordance with provided instructions and the antenna(s) used for this transmitter must be installed to provide a separation distance of at least 20 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter. End-users and installers must be

provided with antenna installation instructions and transmitter operating conditions for satisfying RF exposure

Warnings:

This device complies with Innovation, Science and Economic Development Canada licence-exempt RSSs

Operation is subject to the following two conditions:

- (1) This device may not cause interference and
- (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Cet appareil est conforme à la licence d'Innovation, Sciences et Développement économique Canada L'exploitation des RSS est assujettie aux deux conditions suivantes :

- (1) l'appareil ne doit pas produire de brouillage, et
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

RF exposure statement:

The equipment complies with IC Radiation exposure limit set forth for uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

Déclaration d'exposition RF:

L'équipement est conforme à la limite d'exposition aux radiations de la IC établie pour un environnement non contrôlé. Cet équipement doit être installé et utilisé avec une distance minimale de 20 cm entre le radiateur et votre corps.
