RE: Short Term Confidentiality Request For outdoor remote sensor&OS01-SG&FCC
ID:2A4JN-OS01-SG5468.

To Whom It May Concern:

This letter serves as an official request for confidentiality under sections 0.457 and 0.459 of CFR 47. We have requested that the Schematics/Operational Description/Block Diagrams /DEVICES BOM required to be submitted with this application be permanently withheld from public review.

These documents contain detailed system and equipment descriptions and related information about the product, which Copeland Comfort Control LP. considers to be proprietary, confidential, and a custom design and otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, Shanghai Sunmi Technology Co., Ltd. feels that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give our competitors an unfair advantage in the market.

Please contact me if there is any information you may need.

Sincerely,
