11.6" Tablet
Model: 100043279

PRODUCT GUIDE

We'd love to hear from you. Scan with your Walmart app and let us know what you think.

Item #

Introduction

Thank you for purchasing the onn. tablet with Android™ 11.

Featuring a fast and responsive Octa-core processor, this tablet is perfect for accomplishing everyday tasks, streaming music and movies, taking photos, checking emails, and engaging with social media.

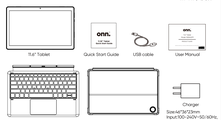

The tablet offers 64GB of internal storage, Bluetooth connectivity, Micro SD slot for up to 128GB of additional storage, on-the-go productivity services, and a utility app.

The following information will help you get the most out of your tablet.

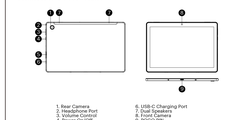

What You Should Know to Ensure Best Performance:

- **Use the in-box charger and USB cable to charge your tablet.**
- Charge the battery completely before first use.
- While updates download in the background, tablet performance can be affected until completed.
- Close unused applications. Open apps that run in the background will affect overall performance.
- Battery Consumption: Play times on a fully charged battery will vary depending on your display settings, apps that remain open, and internet usage (heavy video content).
- Suggest customer use tablet screen protector and tablet case to protect the tablet.
- As constant improvement, UI display may vary slightly.

In The Box

Settings

Settings let you configure the tablet, set Wi-Fi, Bluetooth and other preferences.
Tap the Settings icon to go to settings.

Touching and Typing

To select an item on the screen, simply tap it once with your fingertip. Some items may require you to "double-tap".

To type in to a text field(ie, when inputting your name, or a text field), tap the text field. The on-screen keyboard will appear, and allow you to type the information you wish to enter.

Touch and Hold: Keep your finger on an on-screen item until it glows or activates an alternate menu.

Drag: Move an App or object by touching and holding the image, then sliding it to the destination.

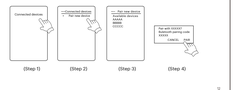

Slide: When there are extra screens To the side, slide one finger across the screen from one side to another.

Connecting to the Internet

1. Select Settings and select the Network & internet menu.
2. Turn on the Wi-Fi switch.
3. Available Wi-Fi networks will be listed here, select your preferred network.
4. Enter the Wi-Fi password in the pop up window and select CONNECT to start the connection.
5. If the password is correct, Wi-Fi will be connected automatically.

Connecting Bluetooth

1. Select Settings tab on the Connected Devices Menu.
2. Select the Pair New Device Menu.
3. Available Bluetooth devices will be listed here, select the name of your device you want to pair.
4. A window may appear on your paired device for confirmation, follow the on screen commands.
5. The Currently connected menu shows the connected devices after pairing successfully.

Set up Google Assistant

Your device supports Google Assistant. You can access Google Assistant anytime by saying "Hey Google", even when your screen is locked.

Note: Please make sure to connect Wi-Fi and sign in your Google account before starting to set up Google Assistant.

1. Tap Google App > More > Settings > Voice > Voice Match.
2. Tap the slider to turn on Access with Voice Match, then tap > "Next" > "I Agree" > "Finish".
3. Tap Retrain voice model and follow the instruction to say "Hey Google" to record your voice, when the screen show , tap > "Next" > "I Agree" > "Finish" to finish set up.

Set up Google Kids Space

Follow the steps below to set up Google Kids Space.

1. When asked who is going to use the device, tap **A child**. If you've previously set up the tablet, tap on the Google Kids Space icon.
2. Sign into your child's existing Google Account or follow the prompts to create a new Google Account for your child under 13 (or the equivalent age for your country).
3. When prompted to set up Google Kids Space, tap **Set Up**.
4. Edit your child's settings and interests.

Remove Kids Space

1. In the bottom right, press and hold the Parent menu > Device Settings.
2. Go to Accounts to remove the account from the device.

More details about Kids Space on g.co/KidsSpace

Swipe Right for Entertainment Space

1. After you have connected to Wi-Fi, from the home screen, slide your finger to the right to start Entertainment Space.
2. Select your content services from multiple providers and apps.
3. Enjoy millions of games, tv shows, movies, and books from your favorite free and paid services and apps.

Tablet Updates

To ensure the tablet runs smoothly it is recommended to perform periodic system software updates, especially during initial set up of the tablet. You may receive notifications(on the Lock screen) from time to time that software updates are available.

Tap the notification to be directed to the update.

Other options to access updates:
1. Tab on Settings > System > System update.

NOTE: To perform an update, you must be connected to Wi-Fi.

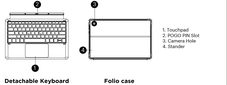

Google Play Updates

The first time you sign on to Google Play, updates will automatically start downloading on to the tablet. Installing a new application while multiple apps are downloading will reduce tablet speed and performance.

After all downloads and updates have been installed, the tablet will resume normal operating performance.

To view the progress of downloads working in the background,slide your finger down from the top edge of the screen.

Keyboard and Folio Case Setup

Detachable Keyboard **Folio case**

Installing Keyboard

Follow below steps to attach the folio case and connect keyboard to your tablet.
Ensure rear/back facing Camera area when you install the folio case.

Keyboard and Folio Case Setup

Adjusting Folio Case.

Folio case angle is adjustable. Hold both sides of the folio case and gently open until it reach the needed angle.
Note : To prevent damage, do not exert excessive pressure

on the folio case or force it beyond the natural movable range.

Tablet can be used with keyboard + folio case or just with folio case.

Remove Keyboard and Folio Case

Follow below instruction to remove the folio case from keyboard.
Grasp the side of the folio case and remove one case corner, then to remove the second corner.

• Do not suddenly disconnect the tablet when formatting, uploading or downloading data. This can lead to program errors/lags , system or screen "freezing".)
• Static discharge is normal and can occur in an electronic device Although not life threatening, it may corrupt data or damage internal circuitry.
• Dismantling the tablet will void the manufacturer's warranty.
• The tablet functions, hardware, software, and warranty information may be improved or modified by the manufacturer or their respective owners, and is subject to change without notice.

Important Safety Instructions

1. Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
2. WARNING: Only use attachments/accessories specified or provided by the manufacturer/such as the exclusive supply adaptor, battery etc).
3. WARNING: The mains plug is used as disconnect device, the disconnect device shall remain readily operable.
4. WARNING: To reduce the risk of fire or electric, do not expose this apparatus to rain or moisture.

The apparatus shall not be exposed to dripping or splashing and that objects filled with liquids.

Such as vases, shall not be placed on apparatus.

5. WARNING: Please refer the information on exterior bottom enclosure for electrical and safety information before installing or operating the apparatus.

Use the devices where the ambient temperature is between 0and 35° C(32to 95° F). Low or high temperature conditions might cause the device to change its behavior to regulate its temperature. Using Android device in very cold conditions outside of its operating range might temporarily shorten battery life and could cause the device to turn off. Battery life will return to normal when you bring the device back to higher ambient temperatures. Using the devices in very hot conditions can permanently shorten battery life.

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
• Reorient or relocate the receiving antenna.
• Increase the separation between the equipment and receiver.
• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
• Consult the dealer or an experienced radio/TV technician for help.
Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.
This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
Specific Absorption Rate (SAR) information:
This Tablet meets the government's requirements for exposure to radio waves. The guidelines are based on standards that were developed by independent scientific organizations through periodic and thorough evaluation of scientific studies. The standards include a substantial safety margin designed to assure the safety of all persons regardless of age or health. During operations with the back of the phone kept 5mm from the body. To maintain compliance with FCC RF exposure requirements, use accessories that maintain an 5mm separation distance between the user's body and the back of the tablet. The use of belt clips, holsters and similar accessories should not contain metallic components in its assembly. The use of accessories that do not satisfy these requirements may not comply with FCC RF exposure requirements, and should be avoided.

Walmart stores, Inc Limited Warranty

Walmart warrants this product against defects in material or workmanship for a period of one(1) year from the original date of purchase.
