

70*110mm

Wireless Power Bank

User Manual

Description

充电区域-Charging Area

指示灯-Indicator Light

输入/输出-Input/Output

开关-Turn on/off

显示屏-Display Screen

Product Features

- 1.Compatible for Iphone magnetic wireless charging, Qi standard mobile phone wireless charging, earphone wireless charging.
- 2.Support 25W Max wireless fast charging for phone, 3W wireless charging for Earphone.
- 3.USB-C output: 30W Max.
- 4.Multistage magnetic combination, strong magnetic power to keep phone steady.
- 5.Unique heat dissipation technology for more efficient charging.
- 6.Indicator working mode: When the wireless charging is working, the blue light will be on for 5 seconds and then go off. In case of FOD or abnormality, the blue light will flash.
- 7.Key Function:Press the 0.5S button once Check the battery level; Press and hold the button for 1seconds: Power off.

Parameters

Product Name	Wireless Power Bank
Product Model	B13
USB-C Input	5V===3A/9V===3A/12V===2.5A/15V===2A/20V===1.5A (30W Max)
USB-C Output	5V===3A/9V===3A/12V===2.5A/15V===2A/20V===1.5A (30W Max)
Wireless Charging Output	25W Max
USB-C+Wireless Charging Output	10W+5W 15W(Max)
Rated Capacity	6000mAh (5V===3.0A)
Cell Capacity	5000mAh
Limiting Voltage of Battery Charging	7.2V
Package List	Power Bank x1、 User Manual x1

Important Safety Instructions

- When using this product, basic precautions should always be followed, including the following:
- Please store this product in a cool and dry place.
 - Do not use the power bank after being immersed in water.
 - Do not store this product in a high-temperature or humid environment.
 - Do not disassemble the product. Take it to a qualified service person when service or repair is required. Incorrect reassembly may result in a risk of fire or injury to persons.
 - During charging, this product may generate heat, this is normal, please do not worry, if overheating occurs, please stop using it temporarily.
 - In normal conditions, the battery performance will decline over several years.
 - Please keep this product out of reach of children.

Cautions

- This product is equipped with a built-in lithium battery, and please pay attention to the followings:
- Recommended for using product at environment temperature(-10°C to 35°C).
 - Do not disassemble charger without authorization.
 - Please do not put the metal or magnetic goods (such as coin, bank card, key etc) on the charging area while charging.
 - Do not hit,squeeze,or throw into the fire.
 - Try to avoid full-load work of the product, so as not to affect the charging efficiency of the product.
 - Product containing built-in batteries should be separated from household waste when discarded. Take this product to an appropriate waste collection center for recycling and do not discard it casually.

Declaration of Conformity (FCC)

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement

The device has been evaluated to meet general RF exposure requirement.
