3 in 1 Magnetic Wireless Charging Stand

Z3

Product Overview

115°AdjustableAngle

Specifications

ProductInput: 9V⎓2A
Phone Output: 7.5W Max
Earbuds Output: 3W Max
Watch Output: 2.5W Max
Input Interface: USB-C

Compatible Devices

1. Phone:
• iPhone 14 Plus/ 14 Pro Max/ 14 Pro/ 14/ 13 Pro Max/ 13 Pro/ 13/ 13 Mini/ 12/ 12 Pro/ 12 Pro Max/ 12 Mini

2. Watch:
Apple Watch Series 2/ 3/ 4/ 5/ SE/ 6/ 7/ SE 2nd Generation/ 8/ Ultra

3. Earbuds:
AirPods Pro 2nd Generation/ AirPods 3/AirPods Pro MagSafe/ AirPods Pro/ AirPods 2nd Generation

About Indicator Lights

1. Power On State:
Two white lights will flash 3 times and then turn off.

2. Standby State:
There is no indicator light display.

3. Charging State:
The white light on the phone area will be on for 10S and then turn off, while the white light on the earbuds area will be on for 10S and then turn off. (Note: There is no indicator light display on the watch area).

4. Abnormal Charging:
When the mobile phone or earbuds box is abnormally charged, the white light on the phone or earbuds charging area will keep flashing. When the watch is abnormally charged, there will be no indicator light display and the watch cannot be charged.

5. Fully Charged State:
There is no indicator light display.

How to Solve Abnormal Charging

1. Please use the included adapter.

2. Confirm whether your device has magnetic wireless charging function before use.

3. Check whether your phone wears a magnetic protective case. (Note: The thickness of the protective case is recommended not to exceed 4mm/0.2in.)

4. If there are foreign objects on the charging area, the charger will auto detect them and provide power off protection. (Note: Please remove foreign objects.)

5. When the temperature of the wireless charger is too high, it will automatically start the protection. Please unplug the power supply first and use the charger after it recovers the temperature.

6. When the abnormal charging situation occurs, please restart your phone or watch. Wait for the wireless charger to cool down, and try to remove the protective case of your phone to charge.

Safety Precautions

1. DO NOT place or use the product in the high-temperature environment such as intense sunlight and fire (Note: There may be explosion if the product is in the environment over 212 °/100 °C).

2. DO NOT use the product in excess of its output rating to avoid fire or injury.

3. DO NOT expose the product to rain or snow.

4. Non-professional personnel are not allowed to modify, repair or disassemble the product without authorization.

5. Please remove your phone case before charging if the thickness > 4mm/0.2in.

6. Keep out of reach of infants and children.

FAQs

Q: What is the interface of the product?
A: It is a Type-C charging port instead of a USB-A charging port (Note: A USB-C cable is included).

Q: Why does the product heat up?
A: It is normal if the product heats up slightly during charging, which won't affect its safety and service life.

Q: What safety protections does this product have?
A: It has overcurrent protection, overvoltage protection, short circuit protection, overheating protection, and more.

Q: Why can't the wireless charger charge my AirPods 2?
A: 1. AirPods 2nd Generation (case) has two versions: A1602 and A1938. A1938 AirPods support wireless charging, while A1602 AirPods do not support wireless charging. If your AirPods model is A1602, the wireless charger cannot charge it.
2. There are two versions of the AirPods 2 case, with one version having the indicator inside the shell and lacking wireless charging function. However, our wireless charger can only charge another version of the AirPods 2 case that has wireless charging function and an indicator located outside the shell. Please make sure to differentiate between the two versions.

supports wireless charging

no wireless charging function

Warranty Statement

The warranty period of this product is 24 months. From the date of purchase, you'll enjoy a free warranty within the warranty period with valid documents.

Note:

The following conditions are not covered by the warranty:

1. Unable to provide formal purchase certificate.
2. Damage caused by man-made or irresistible factors.
3. Accidental damage. (Misuse, abuse or neglect)
4. Improper repair or alteration by unauthorized persons.
5. Operation without following the manual's instructions.

*The company reserves the right to make the final interpretation of the above-mentioned after-sales terms and restrictions.

After-Sales Service

If you have any questions or concerns, feel free to contact us via Amazon:

1. Go to your "Orders".
2. Find your order in the list.
3. Click "Get help with order".
4. Select the problem with your order.
5. Choose the "Subject" from the displayed list.
6. Contact the seller.

FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC RF exposure statement:
The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance between 20cm the radiator and your body.

IC Caution

Radio Standards Specification RSS-Gen, issue 5- English:This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:
This device may not cause interference.This device must accept any interference, including interference that may cause undesired operation of the device. RF exposure statement:The equipment complies with IC Radiation exposure limit set forth for uncontrolled environment. This equipment should be installed and operated with minimum distance 10cm between the radiator and your body.
- French:Cet appareil contient des émetteurs / récepteurs exempts de licence conformes aux RSS (RSS) d'Innovation, Sciences et Développement économique Canada. Le fonctionnement est soumis aux deux conditions suivantes:Cet appareil ne doit pas causer d'interférences.Cet appareil doit accepter toutes les interférences, y compris celles susceptibles de provoquer un fonctionnement indésirable de l'appareil.Déclaration d'exposition RF:
L'équipement est conforme à la limite d'exposition aux radiations de la IC établie pour un environnement non contrôlé. Cet équipement doit être installé et utilisé avec une distance minimale de 10 cm entre le radiateur et votre corps.
