- * New Moulded Woven Cone with Rubber Edge
- * Directable 1" Titanium Dome Tweeter
- * High-strength ABS plastic Ceiling Frame
- * Power: 80 Watts Max
- * Frequency Range: 80 Hz-20K Hz
- * SPL(1W/1M): 93 dB
- * Impedance: 8 Ohm
- * Magnet Weight: 10 Oz
- * Shape: Round
- * Outer diameter: 9"
- * Cutout Diameter: 7.75"
- * Mounting Depth: 2.9"

Installation Guide

Cut the drywall.
Note: Always allow at least one-half inch between a wall stud and the speaker cutout or the locking tabs will not be able to swivel into place.

Connect the speaker wires to the speaker.

Screw down each of the four Phillips head screws. The locking tabs will swivel into place and secure the unit to the rear surface of the drywall. Put in the strips of adhesive to secure the grille.

Replace the metal grille.

Model 50-16615

2-Way Coaxial Speaker Pair

Bluetooth Device Name: MCPRO

Bluetooth Password: 500500

FCC Warning Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

RF Exposure Statement

To maintain compliance with FCC's RF Exposure guidelines, This equipment should be installed and operated with minimum distance of 20cm the radiator your body. This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter.
