

Aircove Go Limited Warranty

This limited warranty applies if and only if you purchased the ExpressVPN Aircove Go AXG1800 directly from ExpressVPN or via authorized partners listed on the ExpressVPN website. An ExpressVPN Aircove Go purchased from any other source or shipped outside the country where it was purchased is not covered by this warranty. For any queries or feedback for Aircove, reach out to <https://www.expressvpn.com/support>.

In this limited warranty, Express Technologies Limited warrants that, at the time of purchase, each new ExpressVPN Aircove Go is free from manufacturing defects in materials and workmanship under normal use, as defined in <https://www.expressvpn.com/support/vpn-setup/aircove>. This limited warranty is valid for one year from the date of original purchase. Express Technologies Limited does not warrant against normal wear and tear or damage caused by accident or abuse. For purposes of this insurance, this product is intended to be sold and used in the United States, Canada, United Kingdom, European Union, Australia, or New Zealand. Express Technologies Limited cannot guarantee that the product is compatible in other countries, or that it will meet the certification requirements of other countries for similar equipment.

This warranty is rendered null and void if any part of the router has been modified, including unauthorized modification, repair, or disassembly. The warranty is also rendered null and void by the use of any non-ExpressVPN firmware or from any inappropriate use, including but not limited to: inappropriate voltage input, dropping in liquids or on hard surfaces, usage in temperatures outside of 0-40°C, or storage in temperatures outside of -20-70°C.

Aircove Go regulatory information

v2.2

FCC ID: 2A5HJ-AXG1800

- This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
 - This device may not cause harmful interference, and
 - This device must accept any interference received, including interference that may cause undesired operation.
- Changes or modifications not expressly approved by ExpressVPN could void the user's authority to operate the equipment.
- Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates and can emit radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
 - Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help.

The user manual for LE-LAN devices shall contain instructions related to the restrictions mentioned in the above sections, namely that:

- The device for operation in the band 5150-5250 MHz is only for indoor use to reduce the potential for harmful interference to co-channel mobile satellite systems.
- Le dispositif utilisé dans la bande 5150-5250 MHz est réservé à une utilisation en intérieur afin de réduire le risque de brouillage préjudiciable aux systèmes mobiles par satellite dans le même canal.

The functions of Wireless Access Systems including Radio Local Area Networks (WAS/RLANs) within the band 5150-5350 MHz for this device are restricted to indoor use only within all European Union countries.

Hereby, Express Technologies Limited declares that the radio equipment type (ExpressVPN Aircove Go AXG1800) is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address: [expressvpn.com/support/troubleshooting/aircove-doc](https://www.expressvpn.com/support/troubleshooting/aircove-doc)

Frequency bands: 2.4G WiFi: 2.412-2.472GHz; 5G WiFi: 5.15-5.25GHz 5.725-5.85GHz
Maximum output power: 2.4Gwifi: 19.91 dBm; 5G wifi: 29.40 dBm; 5.8G wifi: 13.36 dbm

Radiation Exposure Statement

This equipment complies with FCC/ISED/CE/UKCA radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance 20cm of between the radiator and your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Cet équipement est conforme aux limites d'exposition aux rayonnements radio fréquence FCC/ISED/CE/UKCA fixées pour un environnement non contrôlé. Cet équipement doit être installé et utilisé en respectant une distance minimale de 20 cm entre l'élément rayonnant et le corps. Cet émetteur ne doit pas être proche d'une autre antenne ou d'un autre émetteur ou fonctionner en conjonction avec ceux-ci.

This device contains license-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's license-exempt RSS(s). Operation is subject to the following two conditions:

- This device may not cause interference.
- This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- L'appareil ne doit pas produire de brouillage.
- L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
