Power & Indicator Light

100%

Press this button, a Lightning icon takes on the screen, and then start charging for Apple Watch.
(It will shut down in 90s without charging Apple Watch)

5%

Low Battery Alarm: when the battery level is lower than 5%, digital screen flashes.

Parameter Specification

Model: ME20 (iWatch Power Bank)
Battery Capacity: 1500mAh/3.7V/5.55Wh
Type-C Output/Input: 5V≐1.5A, 7.5W
Wireless Charging Output: 5V≐0.5A, 2.5W
5V Input Voltage Current: Regulated DC source or adapter
Size: 100*44*16,4mm
Weight: 58,1g

Wireless Charging Output
5V≐0.5A, 2.5W

Type-C Output/Input
5V≐1.5A, 7.5W

Thanks for choosing us!

This is a smart iWatch wireless charger that allows you enjoy the fun of digital products easily.
Please kindly read the user manual before using and keep it for future reference.

Notes

The product is not waterproof

The Charging cable is not waterproof

Do not use hot water to disinfect the product

1. Do not clean the device with any liquid-containing objects.

2. In case of accidental contact with chemicals, please wipe clean with a damp cloth.

3. Do not disassemble or immerse in water to avoid short circuits or leakage.

4. Avoid using the wireless charger in corrosive environments to prevent damage to the product.

5. Keep a safe distance from magnetic strips or chip cards (ID cards, bank cards, etc.) to prevent magnetic interference.

6. Keep it stay away from implantable medical devices (pacemakers, implantable pacemakers, etc.) at least 30 Centimeters to avoid any potential influence on the medical devices.

7. Keep an eye on children and make sure they will not take it as a toy for safety.

8. Do not squeeze, impact, or attempt to disassemble the power bank.

9. Do not touch the power bank with sharp objects to avoid scratching.

10. Do not insert any foreign objects into the power bank as it may damage electronic components.

11. Please charge the power bank regularly for its battery health. When it is left unused for more than one month, please charge it promptly.

Battery Warning !
There is a built-in lithium battery in this product.
To avoid explosion, do NOT expose the product to intense sunlight, fire or throw it into fire.

FCC Caution

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.
Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.
This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
•Reorient or relocate the receiving antenna.
•Increase the separation between the equipment and receiver.
•Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
•Consult the dealer or an experienced radio/TV technician for help.
This device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
