01 Product Introduction

1.1 What's in the package?

• If contents are missing or damaged, please contact us.

1.2 Product features

02 Set Up The Printer

Recommend:

Watch the short setup video at: <https://munbyn.biz/11102-video>

2.1.Quick printer connection

2.3.Bluetooth connection for Smartphone/Tablet

The printer is suitable for bluetooth of mobile phones and tablets, not compatible with bluetooth of computers. And the printer cannot be connected directly via the Bluetooth of the device, it needs to be connected using the Munbyn Print APP.

2.3.1.Connect the printer through the Munbyn Print APP

1) Search "Munbyn Print" on App Store or Google Play to get the App or scan the QR code below to download

2) Scan the QR code tutorial below to set it up

3) If your mobile needs a PIN password, please enter "0000".

Note:
Due to the mobile phone system requirements, the app needs to access your location services information, you'll get a notification requesting permission. You need to enable GPS and confirm authorization (Android only).

2.4.USB connection for Laptop/PC

- Follow step (2.1 Quick printer connection) to connect the computer and printer using the USB cable.
- Download the printer driver from the following URL or insert the USB flash drive into your computer, and follow the steps (2.4.1-2.4.2) to complete the installation.

Note: For the latest driver, please visit: <https://munbyn.biz/130BD>

2.4.1 Windows Driver Installation

Downloaded software from the web address or insert the USB flash drive into your computer, open the driver installation package, click on the .exe file for Windows computers, and follow the steps below to install

1)Run the "ITP02-Windows-Driver.exe"installer.Then follow the installation prompts until you see the message "Driver installation is complete".

2)When printing the required documents, select the printer to print.

Tips: Please ensure that the printer is continuously plugged into the computer, if this window pops up means that the printer is not properly connected to the computer

2.4.2.Mac Driver Installation

Downloaded software from the web address or insert the USB flash drive into the computer, open the driver installation package, click the .dmg file of the Mac computer, and follow the steps below to install

Note : After installing the driver, you need to add the printer to the mac system printer and scanner service

04 FAQ

FAQ file, please visit: <https://munbyn.biz/130B-FAQ>

09 FCC Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) This device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference to radio or television reception, which can be determined by turning the equipment off and on. The user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement:
This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.
