| <p><b>Solder<br/>Board-Component View</b></p> <p><b>1</b></p> |  <p>A photograph showing the solder board component of the EUT internal component. The component is a small, rectangular circuit board with various electronic components, including a microcontroller, capacitors, and a connector. It is placed on a blue background with a white grid. A black ruler with white markings is visible on the left and bottom, indicating the component's size in millimeters.</p>                                                                                                                       |
| <p><b>Antenna View</b></p>                                    |  <p>A photograph showing the antenna view of the EUT internal component. The component is a small, rectangular circuit board with various electronic components, including a microcontroller, capacitors, and a connector. It is placed on a blue background with a white grid. A black ruler with white markings is visible on the left and bottom, indicating the component's size in millimeters. A red box highlights the BT Antenna, and a red line points to it from the label "BT Antenna" in a red box above the component.</p> |
