**Item 1.** The device is able to install software/program installation?

☐ Yes, go to Item 2.

☒ No. In this case, the rest of the items do not apply. The device cannot support installation of Kaspersky cybersecurity or anti-virus software.

**Item 2.** Technical Requirements for Kaspersky Cybersecurity Software:

| # | General Requirements (For all Devices)                                     | Yes / No or N/A | Comments |
|---|----------------------------------------------------------------------------|-----------------|----------|
| 1 | Internet connection for activation and updates (For all Operating Systems) | N/A             |          |

| # | General Requirements (For Windows Devices)                                                                                                                                              | Yes / No or N/A | Comments |
|---|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------|----------|
| 1 | Storage: 1500 MB free space on the hard drive                                                                                                                                           | N/A             |          |

**After reviewed the technical requirements, is the device capable of supporting the installation of Kaspersky software?**

☐ Yes, go to Item 3.

☒ No. In this case, the rest of the items do not apply. The device cannot support installation of Kaspersky software

**Item 3. Connectivity Capabilities:**

| # | Physical Interface | Purpose | Justification <sup>1</sup> |
|---|--------------------|---------|----------------------------|
| 1 |                    |         |                            |

| # | Wireless Interface | Purpose | Justification <sup>1</sup> |
|---|--------------------|---------|----------------------------|
| 1 |                    |         |                            |

After the review of this items, the device:

☒ Cannot support installation of any cybersecurity or anti-virus software on the covered list.

☐ Potentially can operate with any cybersecurity or anti-virus software on the covered list – additional third-party proof is provided to demonstrate compliance with requirements as of 2.911(d)5(i),(ii) – “Proof of Compliance with Covered List Software Requirements” of this document applies

<sup>1</sup> The justification field is used to justify why the software cannot be received through that interface. Check the annex for more indications.

## Proof of Compliance with Covered List Software Requirements

1. Did a test Firm or third party (other than the certification body and applicant) provide a list of software installed on the device and after scan results with no evidence of Kaspersky software?

☐ YES

☐ NO

☒ N/A

If YES, provide:

**File Name:**

**Third-Party Name (including Test Firm:**

Has other objective evidence been provided that no Kaspersky software is installed?

☐ YES

☒ NO

☐ N/A

If YES, provide:

**File Name:**

**Third-Party Name (including Test Firm:**

Signature: *She Ran*

Name:

Date:

**Once the document is filled in, please proceed to print a PDF of this Word**

**Annex .** Example of how to fill the Table Connectivity Capabilities

| # | Physical Interfaces | Purpose                                                 | Justification                                                                           |
|---|---------------------|---------------------------------------------------------|-----------------------------------------------------------------------------------------|
| 1 | USB Type-C port     | Battery charging only                                   | -Limited to power supply<br>-Data transfer capability disabled                          |
| 2 | HDMI                | Video output only                                       | -Communication limited to specific IP addresses<br>-Port blocked for software downloads |
| 3 | RJ-45 port          | Ethernet connectivity for operational data transmission | -Communication limited to specific IP addresses<br>-Port blocked for software downloads |

| # | Wireless Interfaces | Purpose                | Justification                                                          |
|---|---------------------|------------------------|------------------------------------------------------------------------|
| 1 | Wi-Fi               | Explain the purpose... | -Built-in firewall that blocks software downloads                      |
| 2 | Bluetooth           | Explain the purpose... | -No file transfer capability<br>-Pairing limited to authorized devices |
| 3 | NFC                 | Explain the purpose... | -Passive mode only<br>-No write capability                             |
