

LP-838USB

使用说明书 OPERATING MANUAL

Introduction :

Thanks for purchasing Lepy(Lepai) Digital Player Series of LP-838USB, Please read the instruction so as to know the function, usage and more other information of LP-838USB.

Features:

- Adopting the power IC produced by foreign famous maker as high fidelity to amplify audio power.
- Through reasonable circuit and star connection ground, line noise is very low.
- Select and assemble high-grade components with strict detection, which maintains perfect quality.
- Using metal shell of anodic aluminum oxide(AAO), forbid interference.

Terms and Conditions:

While using, please note the following in case the machine runs into failure:

- Please avoid places with too high (above 40 C), low (lower than -5 C) temperature or too damp.
- Don't strike the machine heavily. Don't put heavy things on the machine.
- Stop foreign bodies from entering into the machine.
- Don't touch chemicals such as benzene and dilute solution agents.
- Don't use the machine in the place with strong magnetic field.
- Don't disassemble, modify by yourself.

Panel Function and Connection Description:

Specifications

Bluetooth name:	LP-838USB
Input power:	DC12-14.4V ≥ 3A
Output power:	38W X 2 + 50W X 1
Speaker impedance:	2~8Ω
Frequency response:	20Hz-20KHz
Total harmonic distortion:	<0.4%
SNR:	>75dB
Input sensitivity:	270mV
Input impedance:	47KΩ
Size:	15.4 X 12.9 X 3.9CM

FCC Warning

15.19 Labeling requirements.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

15.21 Information to user.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment .

15.105 Information to the user.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause

harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC RF Radiation Exposure Statement:

1. This Transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
2. This equipment complies with RF radiation exposure limits set forth for an uncontrolled environment.
3. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.
