Performance Parameter

Material:	ABS+Hooded
Size:	220 x 152 x 20mm
Net weight:	280g
Input:	12V 2.5A
Type C Output:	5V 2.4A
Output Watch:	2W
Output Earphont:	3W
wireless charger1:	10W/15W

FCC ID:2A62P-W30

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Matters needing attention:

- 1.To achieve the best charging effect, please use the 12V / 2.5A charger.
- 2.Connect the USB power cord to the charger before using it (no charger is included in this standard).
- 3.The protection case of devices need to be less than 3mm, or it may affect the charging efficiency. Cases made of metal, attachments such as magnets, cards, grips will interfere with charging.
- 4.Make sure that the mobile phone supports Qi wireless charging function.

- Offer 6-month Worry-free Warranty.
- Support refund, replacement without return once you contact us for any quality problem.
- Scan Messenger, Extended Warranty.
