

RAD SOUND PRO

User manual

Basic specification

Bluetooth version: BT5.3

Support profiles: HFP V1.7, A2DP V1.3, AVRCP V1.6, GAVDP V1.2, AVDTP V1.2, SPP V1.2, AVCTP V1.2

Bluetooth working distance: 10M

Output power: 12W*2

Channel: 2.0

Frequency range: 200Hz—20KHz/-10dB

Speaker driver Rated power: 15W*2

Battery: 7.3V / 3500mAh

Input: 5V-12V

Operating Temperature range: -5℃to+60℃

Standby Temperature range: -25℃to+75℃

Charging Temperature range: 0℃to+45℃

Operation instruction

No	Actions	Operation	LCD status	Prompt
1	Power On	Long press the power button for approximately 250ms when in the off state.	When powered on, the startup logo is displayed first, followed by the main interface	Yes
2	Power Off	Long press the power button for approximately 1 second when in the on state.	LCD screen turns off.	Yes
3	Enter pairing mode	When powered on, the device automatically enters pairing mode. During the search process, only the Rad Golf "R" logo should be displayed, with a 250ms pulsing effect to indicate that it is searching for devices.		N
4	Bluetooth pairing successful	On the mobile device, select the Bluetooth name "Rad SoundPro." The "R" logo will then be displayed statically for 2 seconds, followed by the display of the "clock screen."		Yes

5	Disconnect Bluetooth	Simultaneously long press the volume “+” and “-” buttons.	/	Yes
6	Incoming Call	When there is an incoming call on the phone.	/	Yes
7	Answer Call	When there is an incoming call, briefly touch the top red "R" logo button.	/	N
8	Reject Call	When there is an incoming call, briefly touch the top red "R" logo button.	/	N
9	End Call	During a call, briefly touch the red "R" logo button.	/	N
10	Reconnect	When powered on, the device automatically reconnects to the last connected device.	/	Yes
11	Volume Increase	Briefly press or hold the volume increase button.	When the volume reaches the maximum, a sound prompt will be heard.	Yes
12	Volume Decrease	Briefly press or hold the volume decrease button.	When the volume reaches the minimum, a sound prompt will be heard.	Yes
13	Next Track	On the LCD playback screen, tap the "Next Track" icon.		N
14	Previous Track	On the LCD playback screen, tap the "Previous Track" icon.		N
15	Pause/Play	Briefly press the play/pause button or tap the play/pause icon on the LCD playback screen.	/	N
16	Volume Memory	The device will remember the volume level from the last shutdown each time it is powered on.	/	N
17	Low Battery Warning	When the battery voltage drops below 6.6V (10%), the first low battery warning will be triggered.	Red Light Flashing	Yes
18	Charging	Connect to a compatible fast-charging power adapter to support up to 20W charging.	Red Light Constantly On	N
19	Charging Complete	The charging will automatically finish when the battery is fully charged.	Green Light On	N

Federal Communications Commission (FCC) Statement. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired

operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Warning: Changes or modifications made to this device not expressly approved by Rad Golf, Inc. may void the FCC authorization to operate this device.

Note: The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

RF exposure statement: This device complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. The device is installed and operated without restriction.

ISED Statement

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.

Déclaration ise

Cet appareil contient des émetteurs/récepteurs exemptés de licence qui sont conformes aux RSS exemptés de licence d'innovation, sciences et développement économique Canada. Le fonctionnement est soumis aux deux conditions suivantes:

1. Cet appareil ne peut pas causer d'interférences.
2. Cet appareil doit accepter toute interférence, y compris les interférences qui peuvent causer un fonctionnement indésirable de l'appareil.

For Receiver:

This device meets the exemption from the routine evaluation limits in section 6.3 of RSS 102 and compliance with RSS 102 RF exposure, users can obtain Canadian information on RF exposure and compliance.

Cet appareil satisfait à l'exemption des limites d'évaluation de routine de la section 6.3 du RSS 102 et conformité au RSS 102 exposition aux RF. Les utilisateurs peuvent obtenir de l'information

canadienne sur l'exposition aux RF et la conformité.

This equipment complies with Canada radiation exposure limits set forth for an uncontrolled environment. The device is installed and operated without restriction.

Cet équipement est conforme Canada limites d'exposition aux radiations dans un environnement non contrôlé. Die Installation und der Betrieb der Ausrüstung sind uneingeschränkt.

For Transmitter:

This device meets the exemption from the routine evaluation limits in section 6.3 of RSS 102 and compliance with RSS 102 RF exposure, users can obtain Canadian information on RF exposure and compliance.

cet appareil est conforme à l'exemption des limites d'évaluation courante dans la section 6.3 du cnr - 102 et conformité avec rss 102 de l'exposition aux rf, les utilisateurs peuvent obtenir des données canadiennes sur l'exposition aux champs rf et la conformité.

This equipment complies with Canada radiation exposure limits set forth for an uncontrolled environment. The device is installed and operated without restriction.

Cet équipement est conforme Canada limites d'exposition aux radiations dans un environnement non contrôlé. Die Installation und der Betrieb der Ausrüstung sind uneingeschränkt.
