FCC:

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference. Changes or modifications not expressly approved by IMI Ltd. will void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an electrical outlet on a different circuit to that which the receiver is connected.
- Consult the manufacturer or an experienced radio/TV technician for help.

This product, like other radio devices, emits radio frequency electromagnetic energy and operates within the guidelines found in radio frequency safety standards and recommendations. These standards and recommendations reflect the consensus of the scientific community and result from deliberations of panels and committees of scientists who continually review and interpret the extensive research literature.

CE
IMii Ltd. hereby declares that this product is in compliance with
the essential requirements and other relevant provisions of
Directive 2014/53/EU.

The full text of the EU declaration of conformity is available at the following internet address: www.lmii.com

In accordance with Article 10(2) and Article 10(10), this product is allowed to be used in all EU member states.

ShenZhen IMii Technologies Limited
Baoan District, Shenzhen 518100 China

EU Importer:
eVatmaster Consulting GmbH
Bettinastr. 30, 60325 Frankfurt am Main, Germany

Warranty
Warranty service is limited to normal use. Any man-made damages such as from connecting to an unsuitable power source using an unsuitable device, or not following the instructions, as well as damages that did not occur during shipping, repairs and adjustments not approved by the company, damages from misuse, inattention, or improper installation may cause the warranty to be ineffective immediately. This warranty does not include shipping fees.

Disposal
Always dispose of the used appliance at a recycling centre.
Do not dispose the used appliance together with household waste.

Manufacturer: ShenZhen Ankit Electronics Limited
Address: Runtai Industrial Park, No.4197 Baoan Blvd., Xixiang St., Baoan Dist.,
Shenzhen, China
