

Retractable Cable ALL-in-one car charger

User Manual

Important Safety Instructions

SAVE THESE INSTRUCTIONS. This manual contains important safety and operating instructions for the car charger. Before use, read all Instructions and cautionary markings on the car charger.

- 1 Do not expose the charger to rain, moisture, or snow.
- 2 Use of an attachment not recommended or sold by the car charger manufacturer may result in a risk of fire, electric shock or injury to persons.
3. To reduce the risk of damage to the cigarette lighter connector and cord, pull by the cigarette lighter connector rather than the cord when disconnecting the charger.
4. Make sure the cord is located so that it will not be stepped on, tripped over, or otherwise subjected to damage or stress.
- 5 Do not operate the charger with a damaged cord or cigarette lighter connector - replace it immediately.
6. Do not operate the charger if it has received a sharp blow, been dropped, or otherwise damaged in any way, take it to a qualified serviceperson.
7. Do not disassemble the charger, take it to a qualified serviceperson when service or repair is required. Incorrect reassembly may result in a risk of electric shock or fire.
8. To reduce the risk of electric shock, unplug the charger before attempting any maintenance or cleaning. Turning off controls will not reduce this risk.
9. This device has been tested to operate safely in a laboratory environment with ambient temperatures ranging from 0-25 °C and can be used normally at vehicle interior temperatures.

Specifications

Input	Input: 12V 5.4A
Output	Total : 65W Max Type-C Cable: 30W Max Lighting Cable: 12W Max Magnetic Watch Charger: 2.5W Max USB-A Port: 12W Max Type-C Port: 12W Max

This symbol indicates that this product shall not be treated as household waste. Instead, it shall be handed over to the applicable collection point for the recycling of electrical and electronic equipment.

WARNING

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 cm between the radiator and your body.
