50%-75%	✓	✓	Blink	X
75%-100%	✓	✓	✓	Blink
Fully Charged	✓	✓	✓	✓

Filter Installation

Place the square of circular filter adapter ring flat and insert it into the lens as following the arrow indication.

*Note: Filters are not included in the standard package. Purchase separately via TELESIN official or authorized channels.

Magnetic Fill Light Installation

Attach the magnetic side of the fill light to the magnetic ring on the back of the device. Refer to the charge indicators while in the magnetic fill light mode.

*Note: The fill light is not included in the standard package. Purchase separately via TELESIN official or authorized channels.

Wrist Strap Installation

Be careful and extreme on high-traffic scenarios, always secure the wrist strap on the product for nightmare-level accidents.

Technical Specifications

Material: 6061-T6 Aluminum Alloy
Dimensions: 71 x 63 x 89mm
Weight: 165g
Bluetooth Range: 10 meters
Operating Temperature:
Typical Charging Time:4

Warning

Environmental exposure advisory for keeping, long-term/continuous exposure to extreme temperatures can accelerate the natural degradation of battery components, potentially affecting battery performance and longevity. Avoid storing the device in environments exceeding the recommended temperature range for extended periods.

Wrist strap safety: Ensure the wrist strap is properly secured before use. Regularly inspect the strap for signs of wear or damage, and replace it if necessary to prevent accidental drops.

Mounting safety: Use only compatible mounts and accessories. Ensure all attachments are securely tightened before use. Regularly check mounts for signs of wear or loosening, and replace them if necessary.

Lens cleaning: Use a soft, lint-free cloth and a gentle cleaning solution to clean the lens. Avoid using abrasive materials or harsh chemicals that can damage the lens coating.

Water resistance: This device is not waterproof. Avoid exposing it to water or moisture to prevent damage to the internal components.

Impact resistance: Handle the device with care to avoid drops or impacts that can cause damage to the lens or internal components.

Battery safety: Use only the recommended battery type. Do not attempt to disassemble or modify the battery, as this can be dangerous.

Charging safety: Use only the provided charger and cable. Avoid charging the device in extreme temperatures or in direct sunlight.

Storage: Store the device in a cool, dry place when not in use. Avoid storing it in extreme temperatures or humidity.

Maintenance: Regularly clean the device and its accessories to maintain optimal performance. Check for any signs of damage or wear and address them promptly.

Emergency procedures: In case of an emergency, such as a fire or accident, follow the appropriate safety procedures and contact the relevant authorities.

Compliance: Ensure that the device is used in accordance with all applicable laws and regulations, including those related to privacy and data protection.

Disposal: Dispose of the device and its components in accordance with local regulations. Do not dispose of it in regular household waste.

Liability: The manufacturer is not liable for any damage or injury caused by misuse or improper handling of the device.

Updates: Keep the device's firmware and software up to date to ensure optimal performance and safety.

Support: Contact customer support for any questions or concerns regarding the device's safety or performance.

FCC Caution

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

To the Maximum in the user.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

—Reorient or relocate the receiving antenna.

—Increase the separation between the equipment and receiver.

—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

—Consult the dealer or an experienced radio/TV technician for help.

This device complies with FCC radiation exposure limits set forth for an uncontrolled environment. This device must not be used in conjunction with any other antenna or transmitter.

IC Statement

ICES-003

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

(1) This device may not cause interference.

(2) This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

(1) l'appareil ne doit pas produire de brouillage;

(2) l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Declaration of exposure: 0.87

Cet équipement est conforme aux limites d'exposition aux rayonnements établies pour un environnement incontrôlé. Cet équipement doit être installé et utilisé à une distance minimale de 20 cm entre le radiateur et votre corps.

Disclaimer and Safety

Disclaimer

Please read this statement carefully. Once you use this product, it is deemed that you have read, understood, and agreed to be bound by all the terms of this statement. Before the activation of the corresponding functions, please read the relevant rules carefully and choose whether to accept and agree that you will be fully responsible for the actions and consequences of your activities. If you are a minor, you should read this statement with the legal guardian accompanying you. You cannot use the relevant services before obtaining the consent of your legal guardian. TELESIN will not be held, for any losses, arising out of any damages caused by your failure to comply with this statement or the relevant rules. Unless otherwise stated in this statement, none of the contents in this statement shall be deemed to confer to you any intellectual property licenses or rights. All rights not otherwise granted under this statement are reserved by TELESIN.

Intellectual Property Rights

All intellectual property rights in the products and services provided by TELESIN and all content (including but not limited to texts, graphics, logos, icons, images, audio clips, digital downloads, data compilations, and software) in the products and services provided by TELESIN are the property of TELESIN or its licensors.
