

USER MANUAL

1. How to wear correctly: 【as shown in the following figure】

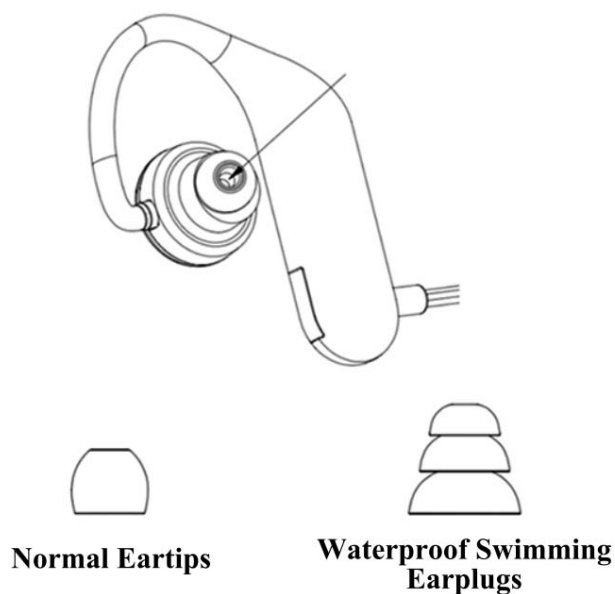

2. Instructions for using in swimming

1) Before swimming:

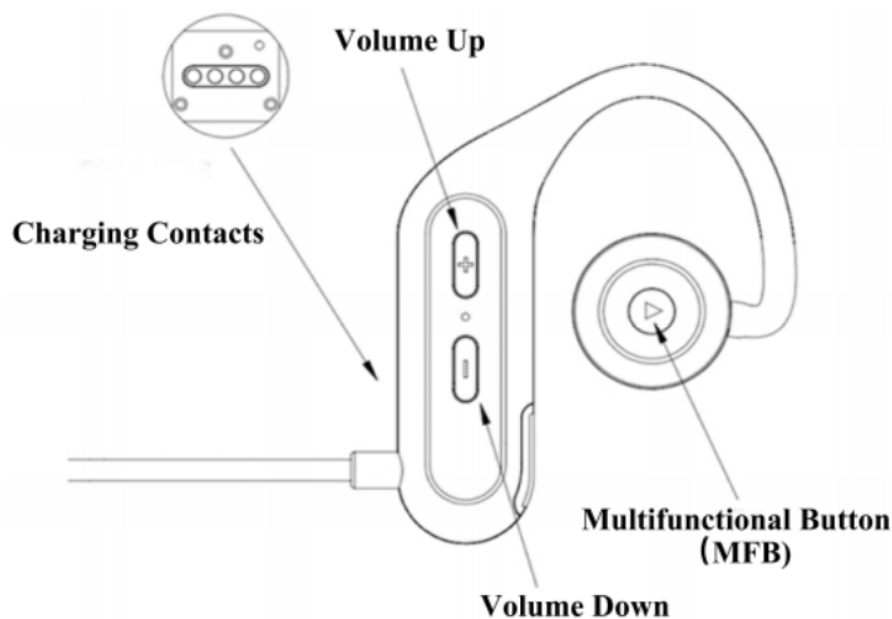

- (1) Switch the earphone to MP3 mode and replace the original eartips to suitable exclusive swimming earplug
- (2) Correctly put the earphone on your ears, L on the left ear, and R on the right ear.
- (3) Then put on your swimming cap, and put the neckband of the earphone inside the swimming cap in case the earphones to avoid the headphones from dropping to the pool when swimming.

2) Cautions

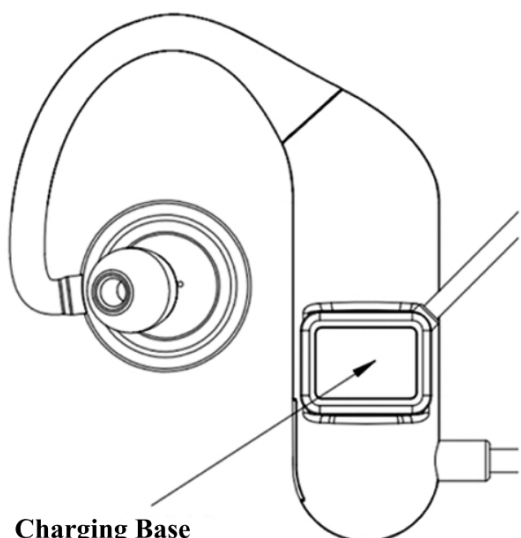

- (1) Droplets of water may attach to the eartips or the outlet of the earphone which may lead to unbalanced sound volume from the left and right. If it happens, shake off the water before you wear the headphone again.
- (2) The charging cable is not waterproof, please keep it away from water.
- (3) Salty water may lead to damage of the earphones. Please avoid using this earphones when swimming in sea.
- (4) Bluetooth signal will be blocked under water. So when swimming, this earphones could not connect to your smart phone, please switch to MP3 mode.
- (5) Do not use this earphone in areas where surrounding sound cannot be heard, in which danger may occur.
- (6) When using this earphone, please comply with the relevant regulations of the local swimming facility.
- (7) This earphone can prevent fresh water, pool water, tap water, and sweat. Not waterproof to liquids other than the above.
- (8) When you feel the sound dull, please clear the water in your ear and eartips, since water in your ear or in the eartips may lead to dull sound of the earphones,
- (9) Please mind the volume do not turn it too loud, which may hurt your hearing ability.
- (10) After using the earphone in water, please use a towel to get rid of the water or dry it in a ventilated place.

3. Instruction

6. Specifications:

Wireless Version: Wireless5.2

Support Profile: A2DP v1.3, AVRCP v1.5, HFP v1.6, HSP v1.2

Working Frequency: 20HZ-20KHZ

Speaker Diameter: 11 mm

Speaker Impedance: 32 ohm

Speaker Power: 7mW

Battery: Polymer Lithium Battery 180mAh

Music playback Time: 8-9 hours
Talking Time: 9-10 hours
Standby Time: 150 hours
Charging Time: 2 hours
Charging Method: Magnetic contacts charging
Wireless Transmission Distance 10-15m (free space)

Microphone: Built-in Microphone
Microphone Sensitivity: -38 dB
Headphone Type: In-ear
Power Display: IOS device
Main Material: PC/ABS
Weight: 32g
Dimension (L*W*H): 70mm*55mm*28mm
Built-in Memory card: 8GB
Waterproof Rating: IPX8

7. Package List

1x Sport Wireless Earphones
1x USB Magnetic Charging Cable
1x User Manual
3x Normal Ear Caps (3 sizes)
3x Waterproof Swimming Earplugs (3 sizes)

Warning:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver

is connected.

--Consult the dealer or an experienced radio/TV technician for help

NOTE: This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
