

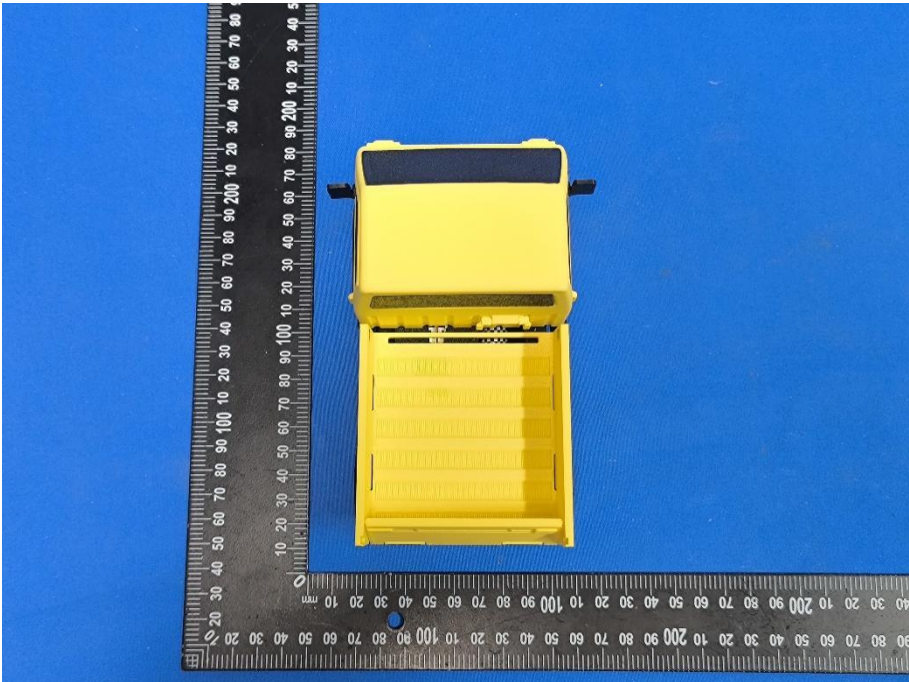

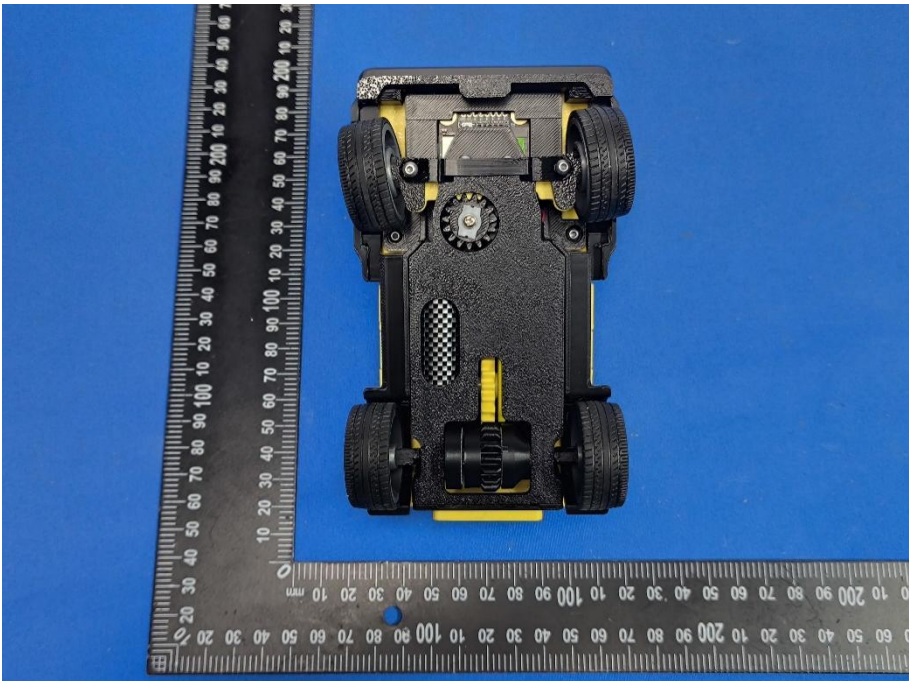

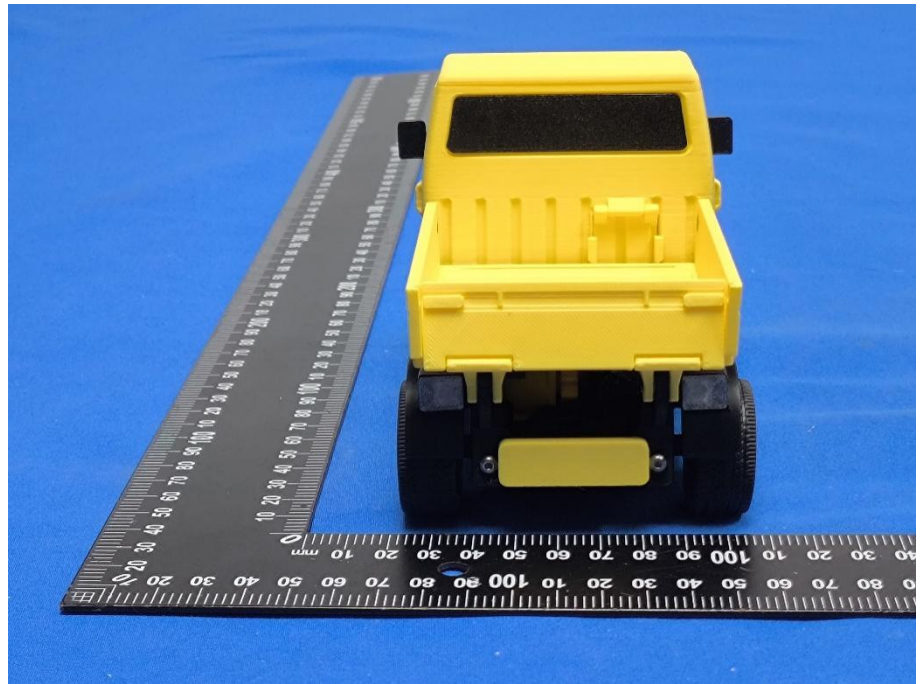

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

Model: ZK001(1#)

<p>EUT View 1</p>	 A top-down photograph of a yellow toy car. The car has a black roof and an open cargo area with yellow interior. It is positioned next to a black ruler with white markings, which is placed vertically to the left of the car. The background is a solid blue surface.
<p>EUT View 2</p>	 A bottom-up photograph of the same yellow toy car. The car is inverted, showing the black chassis, wheels, and internal components. It is positioned next to a black ruler with white markings, which is placed vertically to the left of the car. The background is a solid blue surface.

Model: ZK001(2#)

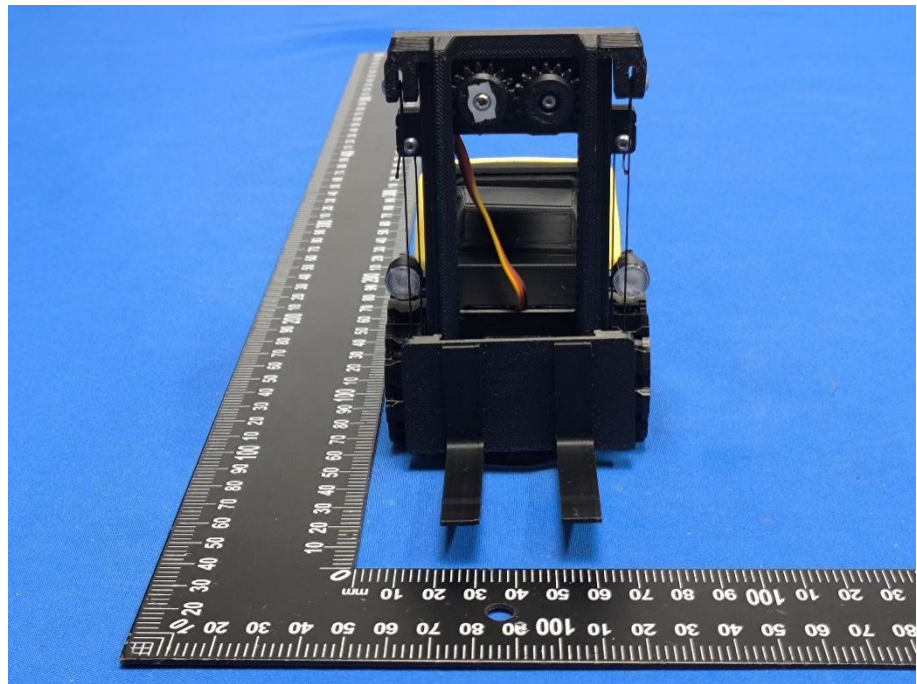

<p>EUT View 1</p>	 A top-down photograph of a small, yellow and black electronic device. The device has a yellow base and a black upper section with a textured surface. It is positioned next to a black ruler with white markings, which is placed vertically and horizontally to provide scale. The background is a solid blue surface.
<p>EUT View 2</p>	 A bottom-up photograph of the same yellow and black electronic device. This view shows the underside of the device, which has a black textured surface and two long, thin black protrusions extending upwards. It is positioned next to a black ruler with white markings, similar to the first view. The background is a solid blue surface.

EUT View 5

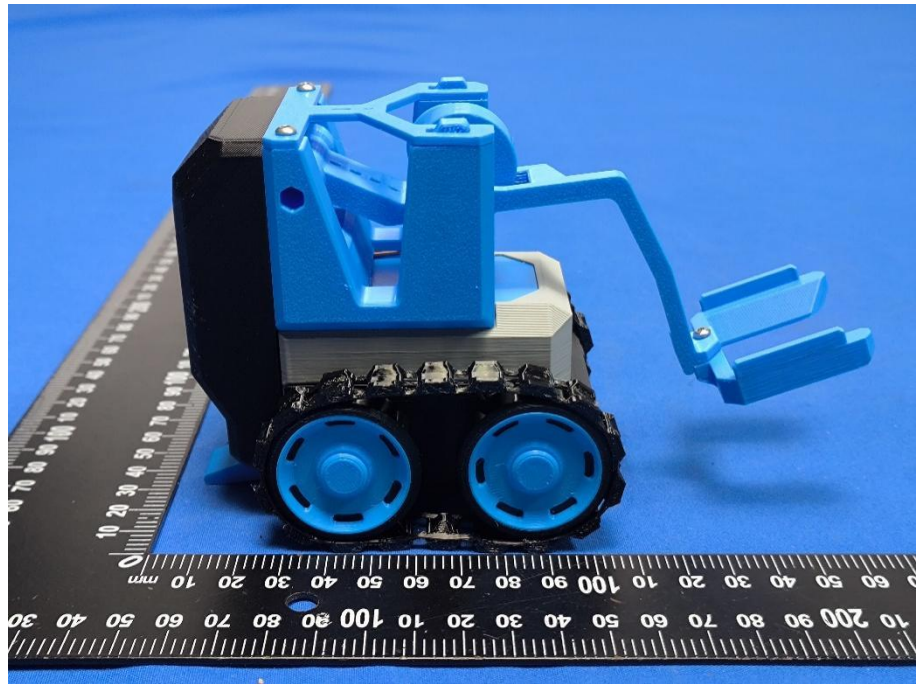

EUT View 6

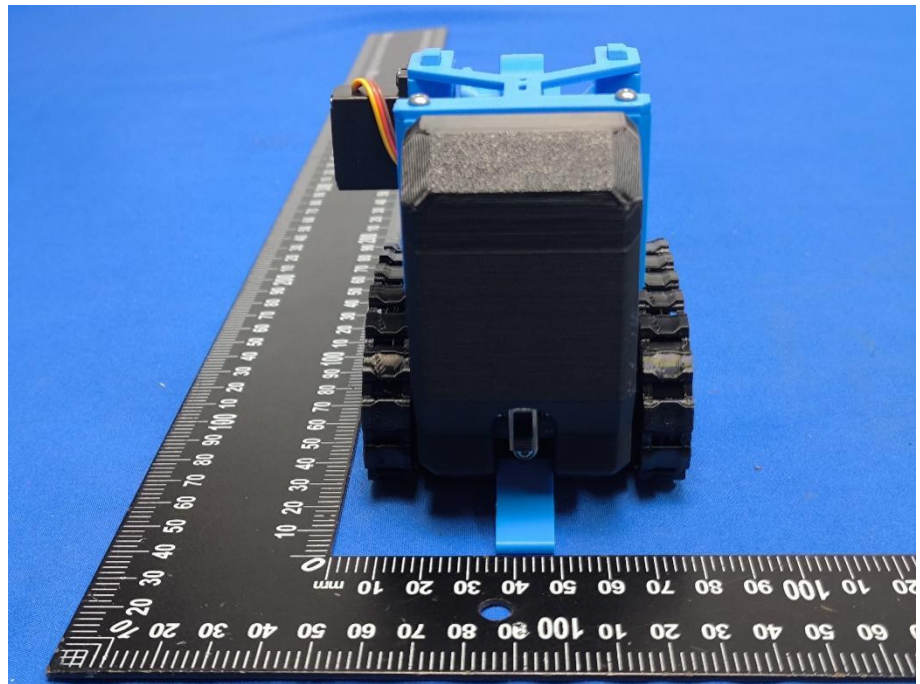

Model: ZK002

<p>EUT View 1</p>	 A photograph of the Electronic Under Test (EUT) from a top-down perspective. The device consists of a blue plastic upper assembly mounted on a black base. A blue bracket is attached to the top. A small orange and black cable is visible on the left side. The device is placed on a blue surface next to a black ruler with white markings for scale.
<p>EUT View 2</p>	 A photograph of the EUT from a side perspective. This view shows the black base and the blue bracket more clearly. The blue upper assembly is visible on the right side. The device is placed on a blue surface next to a black ruler with white markings for scale.
