

FCC Class II Permissive Change

Date: 2023-09-05

To: Federal Communications Commission
7435 Oakland Mills Road
Columbia, MD 21046-1609

Request for Class II Permissive Change

To Whom It May Concern:

The purpose of this letter is to request a Class II permissive change for the existing grant of certification FCC ID: 2A6NFEC2811. The equipment modifications covered by this Class II permissive change are the following:

1. Add a new antenna (Antenna No. 2 in exhibits): PCB printed antenna (monopole) with maximum gain of -2.6dBi (Antenna No.1 in exhibits is the presently authorized antenna with maximum gain of 0.9dBi).

Sincerely,

By:
