Office of Engineering and Technology

Inquiry on 04/24/2016 :

Inquiry:

Hello,

The BT product applies for FCC ID is very small as attached. There is no place to put ID label.

According to KDB, could you please confirm to put the ID and statements on user manual instead of the on the product?

Thank you!

Best Regards,

June Chen

FCC response on 04/25/2016

This is acceptable providing that the device is unquestionably too small for the FCC ID to be readable (smaller than 4-6 points), the FCC ID may be placed in the user manual. However, it must be determined that the device itself is too small – the label area allocated to the FCC ID may not be reduced because of over crowded identification of other product and regulatory information.
