External Photographs Exhibit

Applicant: TrellisWare Technologies

FCC ID: 2A6X2-750W

IC: 28565-750W

Model Number (HVIN): TW-750W

This exhibit provides colour external photographs of the certified product submitted for certification. The photographs document the external design, controls, connectors, indicators, antenna arrangement, and regulatory marking location of the product.

Where the certification covers a product family, representative photographs of each externally distinguishable model or variant are included to demonstrate the physical differences and similarities among the certified family members.
