Solder Board-Component View 2	 A photograph of a green printed circuit board (PCB) component, likely a battery management IC or similar, placed on a blue textured surface. The component is rectangular with several solder pads and a small white label. It is positioned next to a black ruler with white markings, showing its length is approximately 100 mm.
Solder Board-Component View 3	 A photograph of a small, rectangular, silver-colored component, possibly a battery or a small IC, placed on a blue textured surface. The component has a yellow label with text: "4404045", "2022/04/27", "+ 3.7V 0.665Ah", and "- 5.0V 402030 180mAh". Three wires (black, red, and yellow) are connected to the component. It is positioned next to a black ruler with white markings, showing its length is approximately 100 mm.
