

GKL10-01

WIFI Control module

Features

- Achieve functions through mobile APP, router, ECS, etc.
- Achieve dimming and time control
- Support single or group lamp control
- Available voice control:: Amazon Echo, Google home etc

Specifications

Operating Voltage	15V DC +3V	Operating temperature	-20°C ~ + 60°C -4°F ~ + 140°F
Current	20mA	Lifespan	5 years
IP rating	IP20	OS	Andriod4.2 or newer, IOS8.0 or newer
WIFI	2.4GHz		

Application

WIFI control module

LED corn lamp
GKS39-09/10 series

LED low/high bay
GKH10-05 series

Villadom

Balcony

Warehouse

① Adding Devices

② Configure when light flashing

④ Setting time

More options for group
scene automation control

How wifi control module works

Dimensions

Packing

Model	N.W(kg) lbs=kg x 2.2	G.W(kg) lbs=kg x 2.2	Box size(mm) x 0.0393=inch	Carton size(mm) x 0.0393=inch	Quantity per carton
GKL10-01	0.021	0.031	46*46*46	250*250*205	100

Caution

WiFi:Wifi 2.4GHz
OS:Android4.2 or newer, IOS8.0 or newer

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

RF Exposure Information

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.
