Wireless Charger

Instruction Manual

- Please read this instruction manual carefully before using this product.

This instruction manual introduces the functions, so that you can quickly master the use of this product and fully experience the value-added feelings brought to you by this product.

Description of product appearance and port

Charge the phone

Charge the mobile Wireless Charger

Specifications

- Input Type-c: Type-c:5V $\approx$ 2.4A/9V $\approx$ 2A
- Input the USB cable: 5V $\approx$ 3A/9V $\approx$ 2A
- Output Type-c:5V $\approx$ 3A/9V $\approx$ 2A/12V $\approx$ 1.5A/9V $\approx$ 2.5A
- Output USB: 4.5V $\approx$ 5A/5V $\approx$ 4.5A/9V $\approx$ 2A/12V $\approx$ 1.5A
- Output Type-c cable: 4.5V $\approx$ 5A/5V $\approx$ 4.5A/9V $\approx$ 2A/12V $\approx$ 1.5A
- Output Lighting cable: 5V $\approx$ 2.4A
- Wireless charging: 15W max
- Product Size: 113.5*67.5*18.5mm

Security Information

- Please keep the device dry and do not use this device in dusty, wet, dirty places to avoid causing internal circuit failure of the device.
- Please do not use this device in thunderstorm, as thunderstorms may cause equipment failure or the risk of electric shock.
- Please use the charger produced by the regular manufacturer to charge the device, when the device is completed or the charging is interrupted, please disconnect the charger from the device.
- Please do not place the device in the high- temperature (e.g. heat source, exposed fire source) or low- temperature area, as this may cause the device to malfunction.
- Please do not disassemble, impact, squeeze, modify this device, forbid piercing the shell with sharp objects and throwing the product into water or other liquids.
- This device and its accessories may contain some small accessories, please keep them out of the reach of children.

FCC WARNING

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

To maintain compliance with FCC's RF Exposure guidelines, This equipment should be installed and operated with minimum distance between 20cm the radiator your body: Use only the supplied antenna.
