

SETUP PHOTOGRAPHS

This document contains 3 photographs

Photograph No.1
Setup for spurious emission field strength measurements in the anechoic chamber below 30 MHz for Allegro IoT

Photograph No.2
Setup for spurious emission field strength measurements in the anechoic chamber
in 30 – 1000 MHz range for Allegro IoT

Photograph No.3
Setup for spurious emission field strength measurements in the anechoic chamber
above 1000 MHz for Allegro IoT
