BASIC PARAMETER

Model: PX-02	Dimension: 8.66 x 4.35 x 9.29 (inch)
Electric Current: 2A	Input Voltage: DC 9V
Rated Power: 18W	Material: ABS/ Silica/ PCBA/PC
Wireless Power: 10W	Compliance: GB4706. 1-2005 GB4706. 48-2009
Speaker Power: 5W*1	
Origin: Shenzhen China	

Electronic Device Hazardous Substances Declaration

Parts Name	Circuit Board	Contact Strip
Lead (Pb)	●	●
Mercury (Hg)	●	●
Cadmium (Cd)	●	●
Hexavalent chromium (Cr(VI))	●	●
Polybrominated biphenyls (PBB)	●	●
Polybrominated diphenyl ethers (PBDE)	●	●

● Indicates that the content of hazardous substance in this specific component is below the requirement in GB/T 26572 regulation.

✕ Indicates that the content of hazardous substance in this specific component is above the requirement in GB/T 26572 regulation.

* The hazardous substances and any corresponding components shown in this table will not cause any harm to human and the environment under normal use of the product. This table is to provide relevant instructions to consumers and recycling practitioners, for proper disposal reference.

ATTENTION POINTS

- The Pro magnet model supports horizontal and vertical charging of mobile phones.
- The normal model supports horizontal charging and vertical charging for phones larger than 6.4 inches, and vertical charging for phones smaller than 6.4 inches.
- To use wireless charging, make sure your phone has wireless charging capabilities.
- Use the QC3.0 adapter for best results.
- Please avoid thick cases (>0.07 inches) and other accessories when charging your device.
- Mobile phones below iPhone8 do not support wireless charging, such as iPhone5, 5S, 6, 6S, and 7.
- Do not use or store the product in direct sunlight or high temperature places for a long time.
- Do not charge in places too close to magnetic cards, magnetic recording media, and precision instruments.
- Do not disassemble or modify this product.
- Keep this product away from water or other liquids.
- If you want to clean the product, please disconnect the power.

PACKAGE

Wireless Charging Music Lamp	x 1
Power Adapter	x 1
Power Cord	x 1
User Manual	x 1

FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

For Bluetooth

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

For WPT

This device complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter. During the operation of device a distance of 15 cm surrounding the device and 20 cm above the top surface of the device must be respected.
