

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A black rectangular device is shown from a top-down perspective. It has three small white labels on its front: 'PWR', 'WPS', and 'SIGNAL'. The device is placed on a blue textured surface next to a black ruler with white markings. The ruler is oriented vertically, with the 0 mark at the top and the 100 mark at the bottom. The device is approximately 10 cm wide and 5 cm high.
EUT View 2	 A black rectangular device is shown from a top-down perspective. It has a white label on its front with technical specifications and a barcode. The device is placed on a blue textured surface next to a black ruler with white markings. The ruler is oriented vertically, with the 0 mark at the top and the 100 mark at the bottom. The device is approximately 10 cm wide and 5 cm high.

EUT View 3	 A black rectangular electronic device is shown from a top-down perspective. It has two thin metal pins protruding from its top surface. A white label with text and a barcode is affixed to the top. The device is placed on a light blue surface next to a black L-shaped ruler for scale. The ruler has white markings in millimeters and centimeters.
EUT View 4	 A black rectangular electronic device is shown from a side-top perspective. It has a metal clip or bracket attached to its top surface. A white label with text and a barcode is visible on the side. The device is placed on a light blue surface next to a black L-shaped ruler for scale. The ruler has white markings in millimeters and centimeters.
