

EXHIBIT 4 - TEST SETUP PHOTOGRAPHS

**Conducted Emission
Test Setup**

**Radiation Emission Test
Setup (Below 30MHz)**

Radiation Emission Test Setup (30MHz to 1GHz)	 A photograph of a radiation emission test setup for the 30MHz to 1GHz range. The setup is located inside an anechoic chamber with white, square-shaped absorbers on the walls. A metal frame with several vertical poles is visible. A small, dark, rectangular object is placed on a white, rectangular pedestal in the center of the chamber. The floor is dark and reflective.
Radiation Emission Test Setup (1GHz to 18GHz)	 A photograph of a radiation emission test setup for the 1GHz to 18GHz range. The setup is located inside an anechoic chamber with white, square-shaped absorbers on the walls. A small, dark, rectangular object is placed on a white, rectangular pedestal in the center of the chamber. The floor is dark and reflective. A red object is visible on the right side of the frame.

Radiation Emission Test Setup (Above 18GHz)

RF Measurement Test Setup
