FEDERAL COMMUNICATIONS COMMISSION

Office of Engineering and Technology
Laboratory Division
7435 Oakland Mills Rd,
Columbia MD 21046-1609

To Whom it May Concern,

JUSTIFICATION FOR PLACEMENT OF FCC ID LABEL (FCC ID: 2A7MGLB30001)

In accordance with the labeling requirements set forth in 47 CFR § 2.925(f), hearX USA, Inc. hereby submits the below justification regarding the placement of the above-referenced FCC identifier.

As the device is so small that it is impractical to label it with the FCC Identifier in a font that is four-point or larger and the device does not have a display that can show electronic labeling, it is not feasible to permanently affix a legible FCC ID label directly onto the device.

Consequently, pursuant to the provisions of 47 CFR § 2.925(f), the FCC identifier will be prominently displayed in the following locations:

1. User Manual: The FCC ID will be clearly printed in the instruction manual provided with the product.
2. Product Packaging: The FCC ID will be placed on the exterior of the device's retail packaging to ensure visibility at the time of purchase.

Please see the table below showing the placement of each of the above.

2	Location of the FCC ID on the outer packaging of the device	
---	---	--

We confirm that the device remains in full compliance with all other applicable FCC technical and labeling requirements.

We kindly request that the Commission accept this justification for the alternative labeling method in terms of this filing.

Sincerely,

Signed: _____
