16. Mic phone priority
17. Menu button (Treble, Bass, Microphone Volume, Echo)

CHARGING THE SPEAKER

Charge the unit fully before using it for the first time and whenever the sound becomes weak.

1. Connect the adaptor cable to the DC 5V port on the unit and the adaptor plug to a suitable mains socket (see Technical Specifications for details). Turn on at the outlet.
2. The red Charging Indicator turns on when the unit is charging and turns off when it is fully charged. Remove the charging cable promptly. Do not overcharge. Charging time: Around 6-7 hours.

RECORDING TO A USB / TF MEMORY DEVICE Note:

Only microphone audio can be recorded.

1. Connect a USB/TF memory device to the appropriate port.
2. Press and hold REC button to start recording; press and hold REC button again to stop recording.
3. Short press REC button to start playing the recording audio.

TRUE WIRELESS STEREO (TWS) MODE

(Optional, requires two speakers)

If you have two speakers (model: TX-0608), you can use them together for a more immersive audio experience.

1. Place the two speakers in the same room and turn them on.
2. If the speakers are not in Bluetooth mode, short press the Mode Button to switch to Bluetooth mode (do not connect to any device at this stage).
3. Press and hold the Play/Pause/TWS button on one speaker to enter TWS pairing mode. The two speakers will pair to each other with an audio alert.
4. Turn on your Bluetooth device like a smartphone and connect to "TX-0608".
5. Once connected, you can play Bluetooth audio from your source device on the speakers wirelessly, in stereo.

FM RADIO PLAYBACK

- Press the Mode Button repeatedly to switch to FM Radio mode.
- Press and hold the Play/Pause Button to search for available FM channels automatically. Once the search is complete, the speaker will store the channels automatically.
- Press the Previous or Next Buttons to switch between the channels.

BLUETOOTH CONNECTION

- Place the speaker close to (within 10 metres of) your Bluetooth enabled device.
- If not in Bluetooth mode, press Mode Button repeatedly to switch to Bluetooth mode.
- Enable Bluetooth function on your Bluetooth-enabled smartphone, tablet or media player; navigate to the Bluetooth setting menu, and search for new devices. The Bluetooth name for this speaker is "TX-0608".
- Once connected, you can short press Previous or Next Button to play the previous or next song.

FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 0cm between the radiator and your body.
