Color Temperature	2700K-6500K
Color	RGBWW
Current	0.13A

Installing Your Device

Downlight

Wire terminals

Installation Steps:

- a. Disconnect the main power switch of the device before installation.
- b. Screw the E26 adapter into the E26 base.

- c. Plug the orange connector into the downlight.
- d. Push the downlight into the metal housing.

- e. After completing the above steps, power on and enjoy the light.

Note: If there is an orange connector inside the metal housing, plug it into the downlight and push the downlight into the housing to complete installation.

Pairing Your Downlight with Govee Home App

What You Need:

A Wi-Fi router supporting the 2.4GHz and 802.11 b/g/n bands. 5GHz is not supported.

- 1 Download Govee Home App from the App Store (iOS devices) or Google Play (Android devices).
- 2 Turn on the Bluetooth in your smartphone.
- 3 Open the app, tap the "+" icon in the top right corner and search "H601C."
- 4 Tap the device icon and follow the on-screen instructions to complete pairing.

Controlling the Downlight with Your Voice

- ❶ Open Govee Home App , then tap the device icon to enter the details page.
- ❷ Tap the "settings" icon  in the top right corner.
- ❸ Select "User Guide" and follow the on-screen instructions to begin using voice control.

Matter Guide

Cautions:

1. You will need to complete the network connection of apps that support Matter (e.g.Google Home/Apple HomeKit, etc.) within 15 minutes after the product is powered on when using Matter for the first time.
2. An IPv6 network is required.
3. Changing the network may cause Matter to malfunction.
- 4.If the product cannot connect to the app, first restore the product to factory settings by switching on and off for 4 times. After restoring, try connecting again.

Step 1

Find the Matter QR code or device number on the product or on the "Device Settings" page in Govee Home App.

Step 2

Turn on Bluetooth on your smartphone.

Step 3

Download and open an app that supports Matter like Google Home,Apple Homekit,etc.

Step 4

Use the device number or QR code located on the product or in the app to complete the network connection for the product for Matter.

Troubleshooting

❶ Cannot connect the downlight to Govee Home.

- Check whether the downlight is powered on.
- Check whether your smartphone's Wi-Fi is enabled. Please make sure the Wi-Fi connected to your phone is 2.4GHz (5GHz band is not supported).
- Make sure your smartphone is close to the device when connecting for the first time.
- Check if you have entered the correct Wi-Fi password during Wi-Fi setup.
- Make sure the distance between the light and router is less than 50ft.
- Check whether the home network is stable by connecting the downlight to another smartphone's hotspot.

- ② The downlight lost connection.
- Check whether the device is powered on.
 - Check whether your home network is stable.
 - Check if there are too many devices connected to the router by connecting the downlight to another phone's hotspot.
 - Ensure the distance between the smartphone and the device does not exceed 50ft.
 - Delete the downlight connected in "My Devices" and reconnect the downlight the Wi-Fi by following the on-screen instructions.
- ③ Can I group multiple Govee devices together?
- Yes, you can group multiple downlights and other Govee devices by Schemes, Same model, General (Wi-Fi or Bluetooth devices). It depends on the function of different devices.
- ④ Can I use group control with voice assistance?
- Please make sure your device is connected to Wi-Fi before using voice assistance.
 - Please set voice group control in Alexa/Google Assistant App.

- 5 What is the maximum number of devices I can connect via Bluetooth?
- Typically, up to 6 devices can be connected. Devices may vary based on your smartphone brand.
- 6 How many downlights can be connected to one phone?
- Up to 50 downlights can be connected to one phone if the network is normal.

FCC and ISED Canada Statement

Déclaration de la FCC et d'ISDE Canada

This device complies with Part 15 of the FCC Rules and Innovation, Science and Economic Development Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Warning : Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

- (1) l'appareil ne doit pas produire de brouillage, et .
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Avertissement : Tout changement ou modification n'ayant pas été expressément approuvé(e) par la partie responsable de la conformité pourrait annuler l'autorité de l'utilisateur à utiliser l'appareil.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

REMARQUE : cet équipement a été testé et déclaré conforme aux limites imposées aux appareils numériques de classe B, en vertu de la partie 15 des règles de la FCC.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Ces limites sont conçues pour assurer une protection suffisante contre les interférences nuisibles dans les installations résidentielles. Cet équipement génère, utilise et peut dégager de l'énergie de radiofréquence et, s'il n'est pas installé et utilisé conformément aux instructions du fabricant, provoquer des interférences préjudiciables aux communications radio. Il n'existe toutefois aucune garantie qu'un équipement particulier ne souffrira pas d'interférences. Si cet équipement entraîne des interférences préjudiciables à la réception des émissions radio ou de télévision, identifiables en mettant l'appareil hors tension, puis sous tension, il est recommandé que l'utilisateur tente de résoudre ce problème au moyen d'une ou plusieurs des mesures suivantes :

- en réorientant l'antenne réceptrice ou en la changeant de place ;
- en augmentant la distance séparant l'équipement du récepteur ;
- en connectant l'équipement à une prise sur un circuit différent de celui sur lequel le récepteur est branché ;
- en obtenant de l'aide auprès du revendeur ou d'un technicien radio/TV expérimenté.

This Class B digital apparatus complies with Canadian ICES-005.

Cet appareil numérique de la classe B est conforme à la norme NMB-005 du Canada.

FCC and ISED Radiation Exposure Statement

Déclaration de la FCC et de l'ISDE sur l'exposition aux radiations

This equipment complies with FCC and ISED radiation exposure limits set forth for an uncontrolled environment. Cet équipement est conforme aux limites d'exposition aux rayonnements de la FCC et de l'ISDE définies pour un environnement non contrôlé.

This equipment should be installed and operated with minimum distance 20cm between the radiator & your body. Lors de l'utilisation du produit, maintenez une distance de 20 cm du corps afin de vous conformer aux exigences en matière d'exposition RF.
