Board-Component
View 1**

Solder Board-Component View 2	 A photograph of a white, rectangular solder board component with four pairs of circular solder pads. The component is placed on a blue textured surface. Two metal rulers are used for scale: one vertical ruler on the left showing centimeters from 1 to 11, and one horizontal ruler below the component showing centimeters from 1 to 20. The component is approximately 18 cm long and 1.5 cm wide.
Solder Board-Component View 3	 A photograph of the same solder board component from a different angle, showing its underside. It features several small electronic components, including a microcontroller and several resistors. The component is placed on a blue textured surface. Two metal rulers are used for scale: one vertical ruler on the left showing centimeters from 1 to 9, and one horizontal ruler below the component showing centimeters from 1 to 9. The component is approximately 9 cm long and 1.5 cm wide.

Solder Board-Component View 4	 A photograph of a small, rectangular, light-colored component with a grid of solder points. It is placed on a blue textured surface next to a vertical ruler (0-9 cm) and a horizontal ruler (0-10 cm). The component is positioned between the 3 cm and 4 cm marks on the vertical ruler and between the 2 cm and 3 cm marks on the horizontal ruler.
Solder Board-Component View 5	 A photograph of a small, green, L-shaped component with a grid of solder points. It is placed on a blue textured surface next to a vertical ruler (0-10 cm) and a horizontal ruler (0-10 cm). The component is positioned between the 4 cm and 5 cm marks on the vertical ruler and between the 2 cm and 3 cm marks on the horizontal ruler.
