FCC ID: 2A7WU-CDC001A

Introduction

Thanks for choosing our product !

This fairy string light is light-weight, bendable, and waterproof.

It contains addressable ICs inside the beads.

Accompany with our first-class controller, the product performs outstanding colors and magic light effects.

With the APP, you can adjust its colors, brightness, preset modes, DIY modes and music modes.

Install

Just unroll the string light. Plug the controller into USB adapter.

Then put the string light where you want.

- The strip light is waterproof, while the controller is NOT.
- Do not pull the string with much strength otherwise it may break.
- Any question or defect issue please contact us.

Control by app

1. Download 'DayBetter' APP and install on your phone.
2. Turn on the Bluetooth on your phone.
3. Open the APP, tap the "+" icon in the top right corner and search new device.
4. APP will show the device found, just add it.
5. Tap the device icon to enter control panel.

Troubleshooting

a) APP can not find the device.

- Make sure the phone bluetooth is on.
- Allow the permissions of APP. APP needs them to connect the device.
- Check string light is on.
- Kill APP, turn off bluetooth and turn on bluetooth again, then start APP to add device again.
- Ensure phone within 4ft of product without obstructions when connecting.
- Your phone may be incompatible with the APP, try another phone.

b) All lights don't work.

- Check power is on.
- Connect APP and turn on light and turn up brightness.

c) Some light beads keep off or fail working.

- Check the pixel num setting on APP.
- Contact us.

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

RF Exposure Information

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.
