ANTENNA PHOTOGRAPHS

Antenna Gains were obtain from antenna manufacturer datasheets. The datasheets are provide as separate exhibits.

For intentional radios tested and certified under Part 15.249 and Part 15.209 the antenna gain was not used in determining compliance. However photographs are provide for record keeping purpose.

Figure 1. Johanson 2450AT18A100 antenna (Wi-Fi/BT)

Note: This antenna used for Part 15.247 certification. A copy of the datasheet has been provided.
