MetaCe BS1

MetaCe BS1

Ceramic Craft Bluetooth Speaker

Features and Benefits

Ceramic Craft for Better Sound Quality

The ceramic body of the speaker is made in Jingdezhen which is known as the Millennium Porcelain Capital for its more than 2,000 years of porcelain making history.

Enhanced Bass with DEAA Technology

Exclusive bass up DEAA (Dynamic Energy Allocation Algorithm) technology boosts low frequencies to make the beats hit even harder.

Wireless Stereo Pairing

Connect 2 MetaCe Sound speakers via a single device for 360° stereo sound and double the volume.

Wireless Bluetooth Streaming

Wirelessly connect up to 2 smartphones or tablets and take turns playing music with exceptional 360° sound.

More than a Speaker

It can be used as a handicraft ornament due to its ingenious ceramic design, and can also be used as a night light for a bedside table.

What's in the box

MetaCe BS1

Ceramic Craft Bluetooth Speaker

Quick Start Guide

Product Overview

When turned on, the speaker will automatically connect to the last connected device if available. Otherwise the speaker will enter pairing mode.

Having a connection problem? Remove "MetaCe BS1" from your device's BT list and ensure the speaker is within 1 meter from the device. Start pairing process again. For the best sound quality, make sure there is a clear line of sight between the connected device and the speaker.

3. Charge the speaker

LED Indicator		Status
●	Steady red	Charging
○	LED off	Fully charged

When the speaker is with low battery, audio notification will be heard.

Use the included Type-C USB cable to charge the speaker and charge the speaker fully before first use.

Disconnect your speaker from the charger when fully charged. Do not charge your speaker for extended periods.

Quick Start Guide

Trouble Shooting

Symptom	Solutions
The speaker won't charge	• Make sure you are using the MetaCe original USB cable. • Connect the USB cable to a different USB power supply. • Connect to a different AC (mains) power source
The speaker won't pair with mobile device	• On your mobile device, turn the BT Function off and then on. Remove your speaker from the BT list on your device. Pair your device again
No sound	• On your mobile device, turn the BT function off and then on. Remove your speaker from the BT list on your device. Pair your device again. • Increase the volume on your speaker, your device and music source.

Notes

1. Keep the speaker out of the reach of pets and children to prevent it from being damaged.
2. When cleaning the broken speaker, please be careful not to be hurt by ceramic fragments.
3. Please do not expose the speaker to heavy rain or use it in humid environment for a long time.

NOTE

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.
