Dear Sir or Madam:

The module BG95-M2 installed in our product Cellular 4G/LTE alarm panel (model name: Mini2, FCC ID:2A8ABMINI2), that only LTE B2/B4 were activated the other functions are disabled by using software and the end user can not activated them.

The Bluetooth antenna on the board is only reserved. The actual product does not support the Bluetooth function.

Please contact me if there is need for any additional clarification or information.

Best Regards,

Sincerely Yours,

Signature:
