

Zhejiang wenzhou haitong communication electronics

Specification

(FPC+CABLE)

Customer name: Jin Liuming

Project name: 35W-AL

Material No: 1.05.10.0006

Material name: MAIN-ASM

Sample material: FPC+CABLE

Date: 2022.11.12

Number: HT-AT-SP-0001

NO.	DESCRIPTION	DESIGE	DATE
A	Official drawing file	ZYY	2022.07.01

Technical requirement:

1. MATERIAL: Electrolytic copper made of 18/12.5 conventional materials, made of PI. The dotted green line in the figure indicates the outline of the copper layer.
2. Ink: matt black oil
3. The FPC back glue is 3M 9471LSE, and the viscosity should be super strong.
4. The dimension with "*" is the key dimension. Please refer to the tolerance table for unspecified tolerance.
5. The surface shall be free of pressure, scratch and oil stain.
6. The input materials must meet the environmental protection requirements.
7. The drawing dimensions are used to inspect the appearance, function and assembly.
