Charging the Earbuds

The LED indicators on the earbuds will be in steady white when charging the earbuds. The indicators turn off, when the earbuds are fully charged.

The diagram shows a side profile of a white earbud. A dashed line extends from a small dot on the earbud's face to a legend. The legend contains two items: a solid black dot followed by the text 'Steady white: Charging' and a grey dot with a diagonal line through it followed by the text 'Light out: fully Charged'.

Steady white: Charging
Light out: fully Charged

*If the LED indicator of charging case flashes white during charging the earbuds, you need to charge the charging case.

02

Please connect a 5V/1A adapter, Plug-in to charge with a USB-C charging cable.

The LED indicators on the charging case will be in flashing white when charging the case. The indicators turn off, when the charging case is fully charged.

Steady white: Charging
Light out: fully Charged

03

Bluetooth version	V5.3
Bluetooth Profile	HFP HSP A2DP AVRCP
Bluetooth Codec	SBC AAC
Transmission distance	>10M
Horn	φ8.0*H4.8mm *2
Music playback time	6H
Earbuds battery	30mAh
Charging case battery	315mAh
Charging time	2H
Charging input	5V/1A
Product Weight	Case 28.4g, Earbuds 3g*2
Product Size	24*46*58mm

04

Power On

Open the cover of the charging box, the earbuds will power on automatically.

The diagram illustrates the 'Power On' step. On the left, two earbuds are shown, labeled 'L' (left) and 'R' (right). An arrow points from the earbuds towards a charging case on the right. The charging case is shown with its lid open, revealing two circular charging slots inside. The earbuds are positioned as if they are about to be placed into these slots.

05

- To power on the earbuds that are not in the charging case, please press and hold the Touch-Sensitive Panel on the earbuds for 5 seconds.
- The earbuds will turn off after 5 seconds automatically without any device connected.

Earbuds Led Indicator

Power on	White lights on for 1s
Pairing state	The main earbud flashes white, the other earbud lights off
Paired succeed	Both earbuds are off
Charging process	Steady white
Fully charged	Light off

Pairing

1. Take the earbuds out of the charging case, both earbuds are in flashing white, and pair each other

06

When the device turn off Bluetooth, or it's over the range to connect, the earbuds will be waiting to connect. If there is no connection with 5 minutes, the earbuds will power off.

07

- The earbuds will automatically connect with the device they were last paired with when the earbuds are powered on.
- Each Earbud could be used independently.

Control

Volume -		Press once (L)
Volume +		Press once (R)
Play/Pause		Press twice (L/R)
Previous track		Press 3 times (L)
Next track		Press 3 times (R)
Activate Siri		Press and hold for 2 seconds (L/R)
Answer/End a call		Press twice (L/R)
Reject a call		Press and hold for 2 seconds (L/R)
Factory reset		Tap L five times quickly, the reset is successful when you hear the PIP

08

1. Keep away from extreme ambient temperatures below -20 degrees or above 50 degrees .
2. Keep away from children and pets.
3. Keep away from corrosive liquids to avoid damages to the product.
4. Don't use the product in thunderstorm weather to avoid malfunction or electric shock.
5. If it has not been used for more than a month, please charge and maintain it in time to ensure that it is safe.

This product has built-in lithium battery. Do not expose the product to strong sunlight, fire or throw it to the fire to avoid explosion.

To prevent possible hearing damage, do not listen at high volume levels for long periods.

After Service

We provide 1 year warranty service. If you have other issues during your use, feel free to contact us via sales@vinoxauri.com.

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

RF Exposure Information

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

ISED Statement

English: This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

The digital apparatus complies with Canadian CAN ICES-3 (B)/NMB-3(B).

French: Cet appareil contient des émetteurs/récepteurs exempts de licence qui sont conformes aux RSS exemptés de licence d'Innovation, Sciences et Développement économique Canada.

L'exploitation est soumise aux deux conditions suivantes :

- (1) Cet appareil ne doit pas provoquer d'interférences.
- (2) Cet appareil doit accepter toute interférence, y compris les interférences susceptibles de provoquer un fonctionnement indésirable de l'appareil.

l'appareil numérique du ciem conforme canadien peut - 3 (b) / nmb - 3 (b).

This device meets the exemption from the routine evaluation limits in section 2.5 of RSS 102 and compliance with RSS 102 RF exposure, users can obtain Canadian information on RF exposure and compliance.

cet appareil est conforme à l'exemption des limites d'évaluation courante dans la section 2.5 du cnr - 102 et conformité avec rss 102 de l'exposition aux rf, les utilisateurs peuvent obtenir des données canadiennes sur l'exposition aux champs rf et la conformité.

This equipment complies with Canada radiation exposure limits set forth for an uncontrolled environment.

Cet équipement est conforme aux limites d'exposition aux rayonnements du Canada établies pour un environnement non contrôlé.

RF Exposure Statement

The device has been evaluated to meet general RF exposure requirement. This equipment should be installed and operated with minimum distance 0mm between the radiator & your body.

L'appareil a été évalué pour répondre aux exigences générales d'exposition aux RF. Cet équipement doit être installé et utilisé avec une distance minimale de 0 mm entre le radiateur et votre corps.
