Component name	Toxic and hazardous substances or elements					
	Lead (Pb)	Mercury (Hg)	Cadmium (Cd)	Hexavalent Chromium (Cr6+)	Polybrominated Biphenyls (PBB)	Polybrominated Diphenyl Ethers (PBDE)
Shell	○	○	○	○	○	○
PCB/PCBA circuit module	×	○	○	○	○	○
Non-metal Hardware	○	○	○	○	○	○
Battery	×	○	○	○	○	○
Antenna	○	○	○	○	○	○
Label	○	○	○	○	○	○
Other components	○	○	○	○	○	○

This table is prepared according to the provisions of SJ/T11364.

- It indicates that the content of this substance in all homogeneous materials of this component is below the limit requirements specified by GB/T26572.
- × It indicates that the content of this harmful substance in at least one homogeneous material of this component exceeds the limit requirements specified by GB/T26572.

06

Quick Instructions

Power On: In the off state, press and hold the power button for 5 seconds to start the device.

Power Off: Press and hold the power button for 1 second to bring up the power-off dialog box. Choose to power off or restart.

Sleep Mode: You can set the device to automatically enter sleep mode after a certain period of time. Press the power button briefly to switch between sleep and wake-up modes.

Restart: In case of abnormal operation, press and hold the power button for 12 seconds to force a reset and restart.

Charging: Use a 5V=2A power adapter for charging. Connect the device to a computer's USB port via the included data cable for charging.

The white indicator light will remain on during charging and turn off when fully charged.

The charging time is approximately 2 hours.

Data Transfer: Connect the device to a computer via a USB data cable for data transfer.

Data can also be transferred via the DaMo Note app.

Basic Information

Product Model: HiBreak Plus	Display Size: 6.13-inch
Screen Material: E Ink e-Paper Display	Device Dimensions: 159.8x80.9x8.9mm
CPU: Octa-core	Battery Capacity: 4500mAh
Memory/Storage: 4GB+64GB	Frontlight: Built-in 36-level adjustable reading light
Input Current: 5V=2A	Port Type: USB Type-C
SIM Card Type: Nano SIM	Camera: Front camera:500W Rear camera:2000W AF

Note

- 1.The maximum operating temperature of the product is 45 °C;
- 2.If the wrong model of battery pack is used for replacement, there is a risk of fire or explosion;
- 3.Do not place the battery pack in extremely high temperature or low pressure environments,or mechanically squeeze or cut the battery pack, which may cause explosions or leakage of flammable liquids or gases;
- 4.This product is not sold with a power adapter.If a power adapter is used for power supply, a power adapter that has obtained CCC certification and meets standard requirements should be used.

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

08

- Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help.
- To assure continued compliance, any changes or modifications not expressly approved by the party.
- Responsible for compliance could void the user's authority to operate this equipment. (Example- use only shielded interface cables when connecting to computer peripheral devices).
- This equipment complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
- (1) This device may not cause harmful interference, and
 - (2) This device must accept any interference received, including interference that may cause undesired operation.

Specific Absorption Rate (SAR) information: This device meets the government's requirements for exposure to radio waves. The guidelines are based on standards that were developed by independent scientific organizations through periodic and thorough evaluation of scientific studies. The standards include a substantial safety margin designed to assure the safety of all persons regardless of age or health.

FCC RF Exposure Information and Statement the SAR limit of USA (FCC) is 1.6 W/kg averaged over one gram of tissue. Device types: device has also been tested against this SAR limit. This device was tested for typical body-worn operations with the back of the Smartphone kept Omm from the body. To maintain compliance with FCC RF exposure requirements, use accessories that maintain an Omm separation distance between the user's body and the back of the Smartphone.

The use of belt clips, holsters and similar accessories should not contain metallic components in its assembly. The use of accessories that do not satisfy these requirements may not comply with FCC RF Exposure requirements, and should be avoided.

5.2 GHz band is restricted to indoor use only.
