FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

IC Warning

This device complies with Industry Canada's ICES. Operation is subject to the following two conditions:

- (1) This device may not cause interference; and
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

HDMI

Cet appareil est conforme aux normes ICES d'Industrie Canada. L'opération doit remplir les deux conditions suivantes:

- (1) L'appareil ne peut pas causer d'interférence et
- (2) l'appareil doit accepter toute interférence, y compris celles qui peuvent entraîner un fonctionnement non désiré de l'appareil.

This device complies with FCC/ISED radiation exposure requirement set forth for an uncontrolled environment.
The minimum distance from body to use the device is 20cm.
L'appareil est conforme aux exigences d'exposition aux rayonnements imposées par la FCC / icde pour les environnements non contrôlés.
La distance minimale du corps à utiliser le dispositif est de 20cm.
