2. User Guide

2.1. Operating Temperature

Do not place this product in an environment where the temperature is too high or too low so as not to cause circuit failure of the device. Please use it within the optimum operating temperature range of 0°C to 40°C.

This product is not waterproof. Do not expose the device to a humid environment or use it in the rain. Please keep it away from corrosive liquids and do not use potent chemicals, cleaning agents, or strong detergents to clean the device.

2.2. Charge the Tablet

It is recommended to charge the tablet before the first use. Please use the power adapter and USB cable to charge as shown. You can also use a USB cable to connect the tablet to a computer for charging. But the charging speed will be much slower.

2.3. How to Use the Stylus Pen

① Replace the Pen Nib

When the Pen Nib is badly worn, please pull it out and insert a new one.

3. Troubleshooting

Q1 Tablet cannot power on.

- Restart your tablet.
- Press the power button to check if the tablet is in sleep mode.
- Press and hold the power button for 7-8 seconds to restart the device.

Q2 Tablet can't be charged.

- Make sure the USB cable is properly plugged into the charging port.
- Try with another compatible USB cable and power adapter.

Q3 An error message appears during operation.

- Uninstall the app with the error message, then download and reinstall it.
- Press and hold the power button for 7-8 seconds to restart the device.

Q4 Tablet can't be detected on computer.

- Make sure the tablet is turned on.
- Try with another USB cable.

- Try with another USB port on your computer.
- Check whether the USB connection mode between the tablet and computer is charging only. If so, switch to media (MTP) or camera (PTP) mode.

Q5 Tablet can't connect to the wireless network.

- Make sure your tablet's Wi-Fi is turned on.
- Make sure to enter the correct password when connecting to Wi-Fi.
- Restart the router.
- Check the connection limit in the router settings to see if other devices are restricted from connecting through filters.
- Forget the current Wi-Fi, reset the router and connect to Wi-Fi again.

Q6 There is not enough storage space on the tablet.

- Uninstall infrequently used apps.
- Regularly clear the app's cache.
- Install a Micro SD card to expand storage.

Q7 The screen is unresponsive.

- Check the screen for dust or oil, if so, clean it with a cloth.

Q8 The stylus button does not work.

The side buttons of the stylus are only functional in Huion Note and HiPaint apps, and other software doesn't support button functions. In addition, the functions of the side buttons can only be customized under HiPaint.

FCC COMPLIANCE STATEMENT:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference,
- (2) this device must accept any interference receive including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help. Warning: Changes or modifications to this unit not expressly approved by the part

responsible for compliance could void the user's authority to operate the equipment.

FCC Radiation Exposure Statement

The device has been evaluated to meet general RF exposure requirement.

The device can be used in portable exposure condition without restriction.

a.The underlying product code enables the device to automatical stop transmitting when there is no information to transmit or when there is a malfunction.

b.The use of a private network that allows only authenticated use to download software, Confirm that a third party cannot reprogram the device.

Warnings:

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt Rss(s). Operation is subject to the following two conditions: This device may not cause interference and (2) this device must accept any interference including interference that may cause undesired operation of the device. Le présent appareil est conforme aux CNR d'industrie Canada applicables aux appareils radio exempts de licence, L'exploitation est autorisée aux deux conditions suivantes :

- (1) l'appareil ne doit pas produire de brouillage, et
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

RF exposure statement:
The equipment complies with IC Radiation exposure limit set forth for uncontrolled environment, The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction L'appareil est conforme aux limites d'exposition au rayonnement IC spécifiées pour les environnements non contrôlés. L'appareil a été évalué pour répondre aux exigences générales d'exposition aux radiofréquences. L'appareil peut être utilisé dans des conditions d'exposition portables sans restriction
