PACKING LIST

① Product X 1

② Charging cable X 1

③ User manual X 1

Product Specifications

Model Number: YXA01

Electrical Rating: 5V $\overline{\text{---}}$ 1A

Built-in Battery: 3.7V 2500mAh

Bluetooth Version: 5.0

Communication Range: About 10M

Product Size: 105 × 105 × 95mm

Getting Started

Scan the QR code or search for the APP on the Apple APP or Google Play Store, download and install it on your phone or tablet.

Tip: This appliance has a 2500mAh built-in battery, can be used unplugged when fully charged, also can be used in charging state, connect one end of USB-C cable (included) to the USB port on back of the appliance and connect the other end to adapter into outlet.

Important Safety Instruction

When using electrical products, especially when children are present, please follow these precautions before using:

1. Always keep this appliance at least 3 feet away from children as the power cable can post a strangulation hazard.
2. Close supervision is necessary when this appliance is used by children, invalids or disabled persons.
3. DO NOT place speaker too close to ears, which may cause damage to ear drums, especially in young children.
4. Use this appliance only for its intended use as described in this manual. DO NOT use attachments not recommended by the product manufacturer.
5. DO NOT place or store the appliance where it can fall or be dropped into a tub or sink.
6. DO NOT place or drop into water or any other liquid.
7. Turn off the appliance when not in use.
8. NEVER operate this appliance if it has a damaged cord, plug, cable, or housing. If it is not working properly, or has been dropped or damaged, return it to seller for examination and repair.
9. Keep away from heated surfaces.
10. Only set on dry surfaces. DO NOT place on surface wet from water or cleaning solvents.
11. NEVER leave the appliance unattended, especially if children are present.
12. NEVER cover the appliance when it is in operation.
13. Save these instructions for future reference.

WARNINGS

WARNINGS

To reduce the risk of fire or electric shock, DO NOT expose this appliance to rain or moisture.

CAUTION

Use of controls or adjustments or performance of procedures other than those specified may result in hazardous radiation exposure.

CAUTION-TO REDUCE THE RISK OF ELECTRIC SHOCK, DO NOT REMOVE THE COVER (OR BACK). NO USER-SERVICEABLE PARTS INSIDE, PLEASE REFER SERVICING TO QUALIFIED SERVICE PERSONNEL.

The lightning flash with arrowhead symbol, within an equilateral triangle, is intended to alert the user to the presence of uninsulated "dangerous voltage" within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.

The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/ TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Caution

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC Radiation Exposure Statement

This equipment must be installed and operated in accordance with provided instructions and the antenna(s) used for this transmitter must be installed to provide a separation distance of at least 20 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter. End-users and installers must be provided with antenna installation instructions and transmitter operating conditions for satisfying RF exposure.
