

High gain  
Omani-directional  
Wide bandwidth

## Main Antenna

Application :

GSM850/900/1800/1900

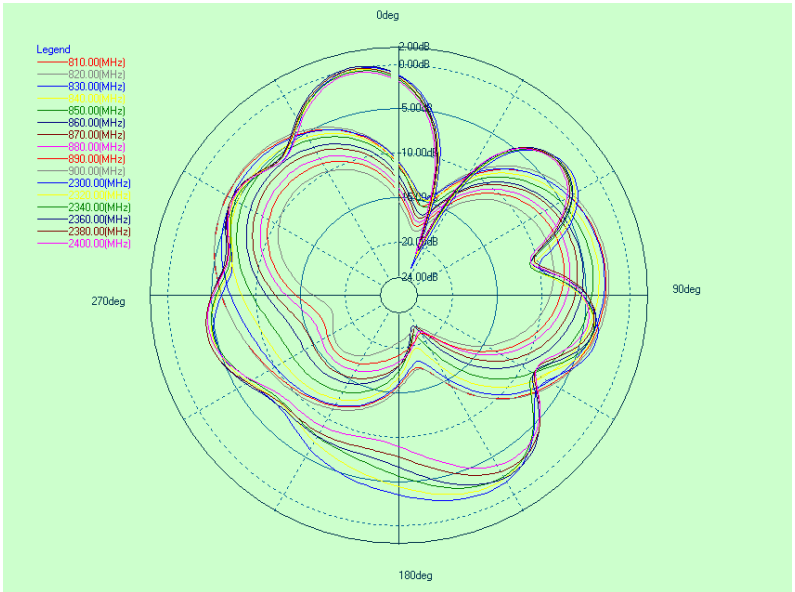

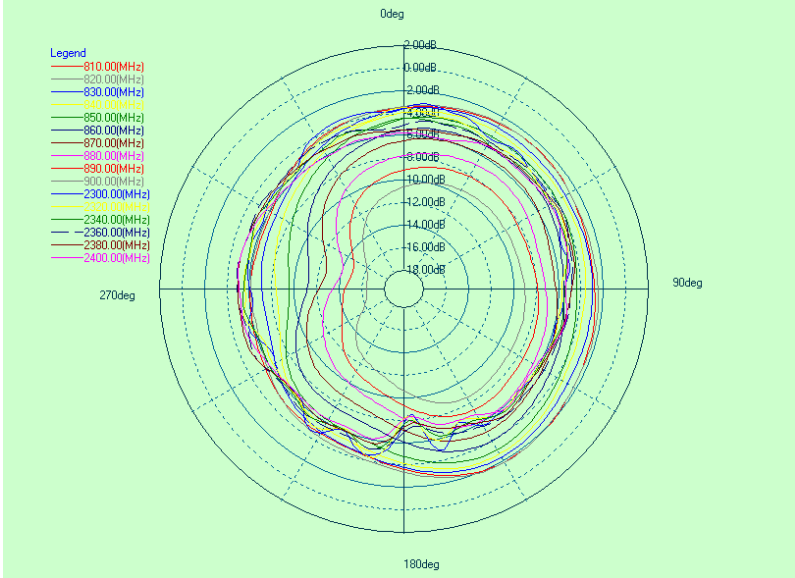

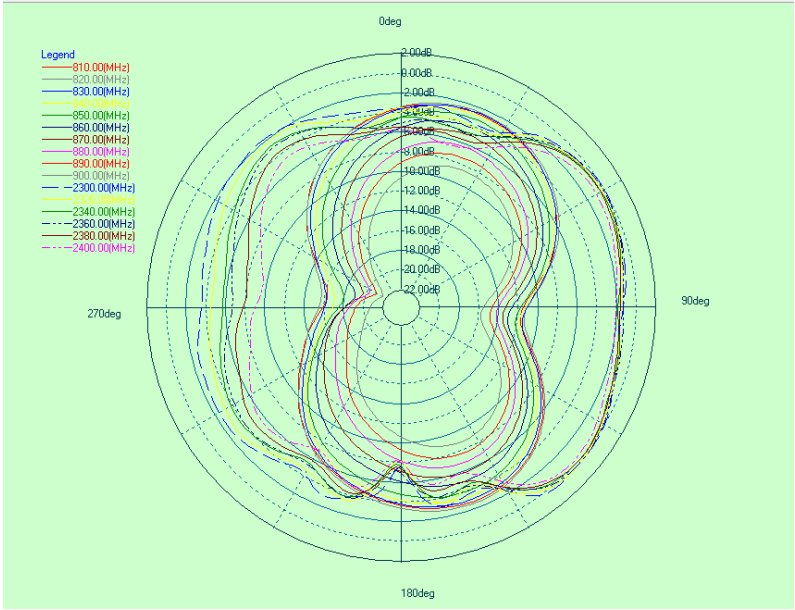

WCDMA : B2/B4/B5

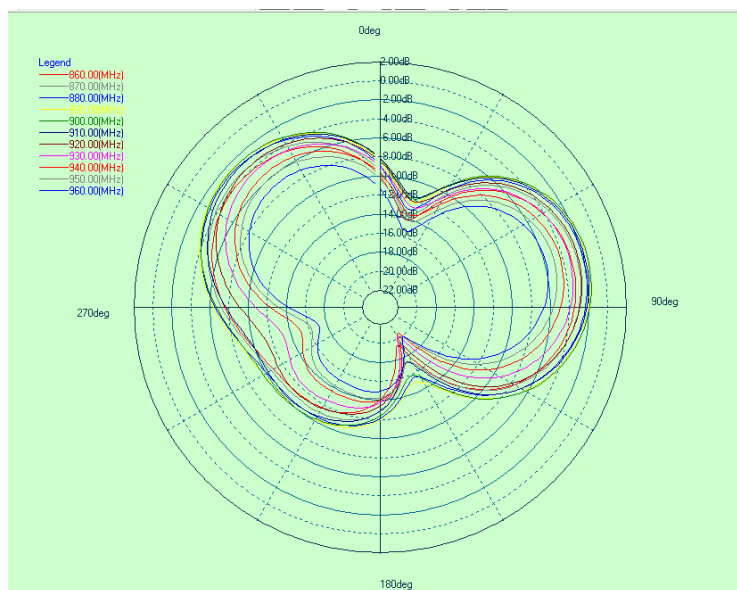

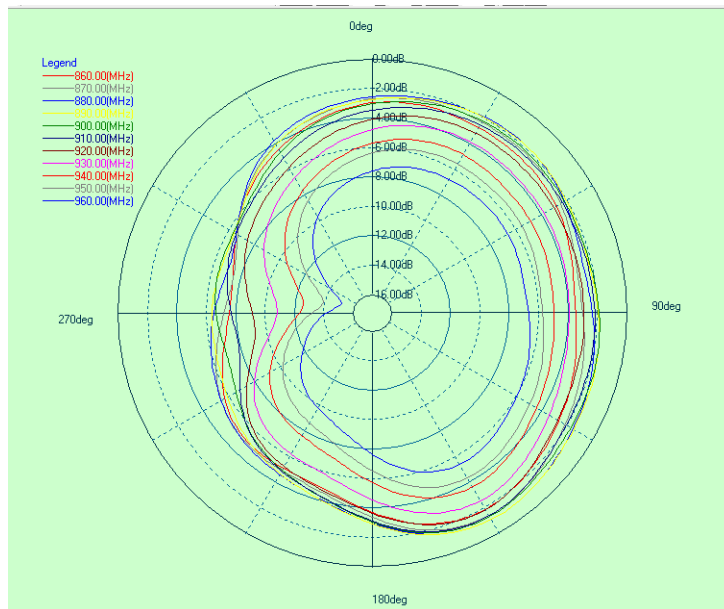

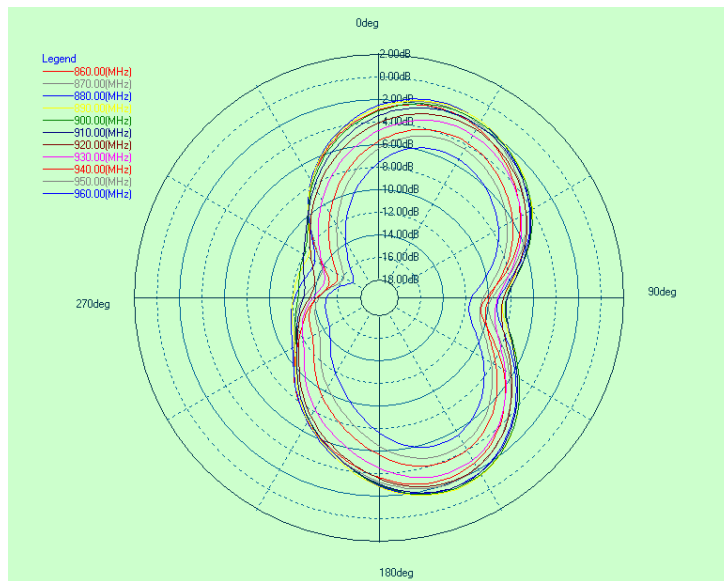

LTE : B2/B4/B7/28/66

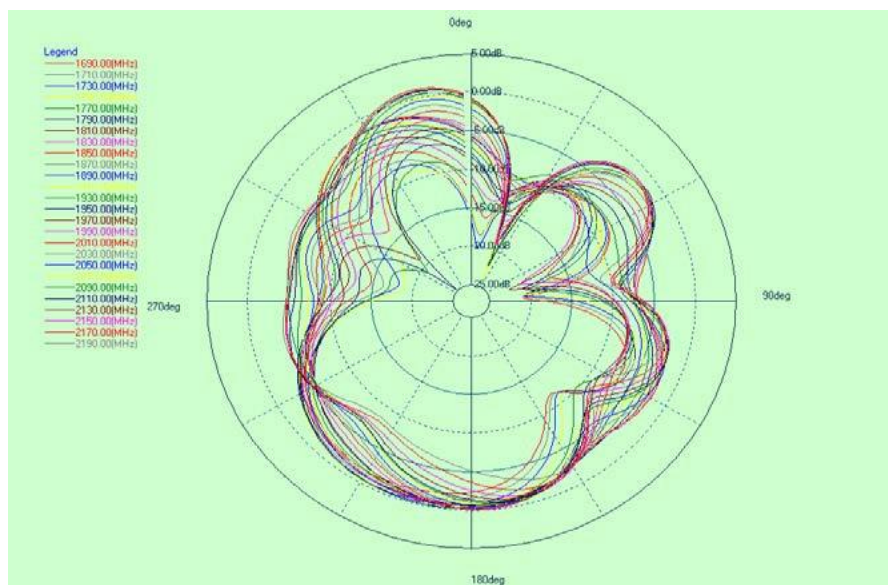

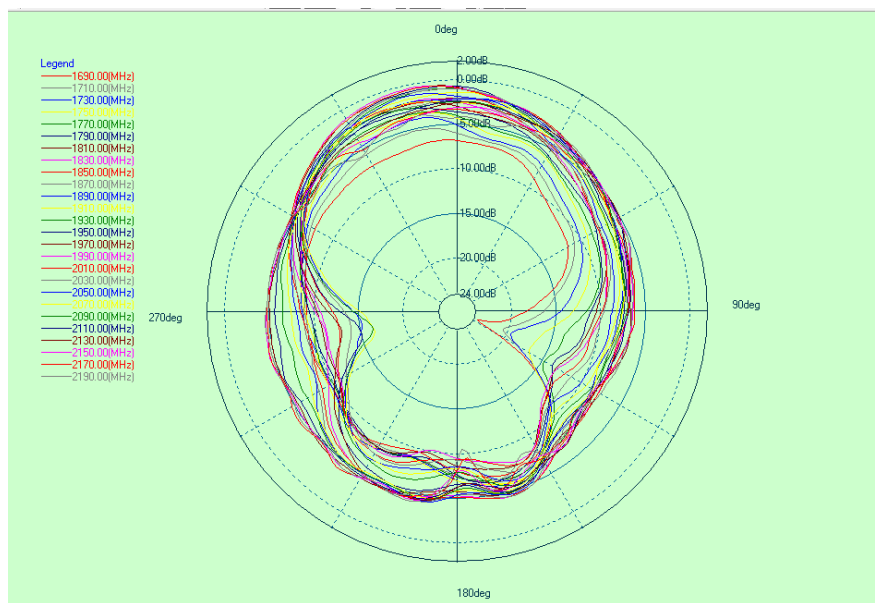

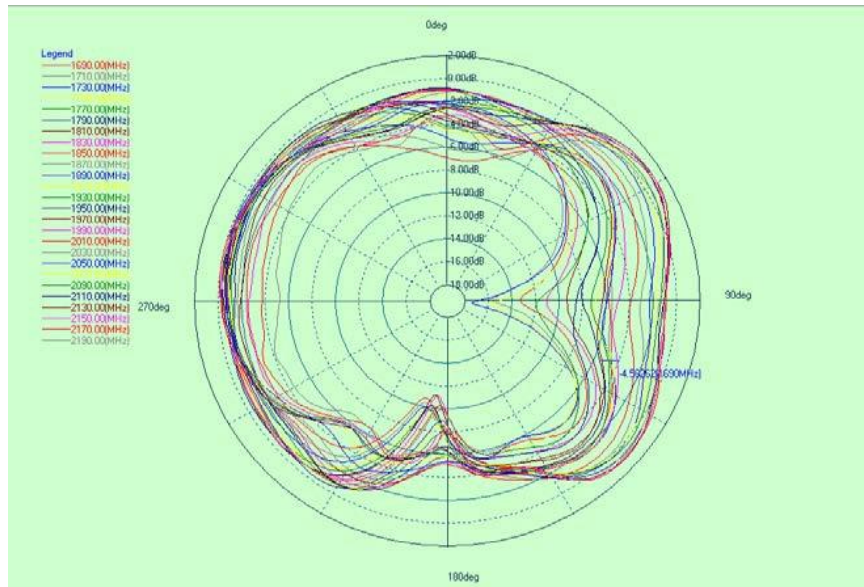

BT communication applications

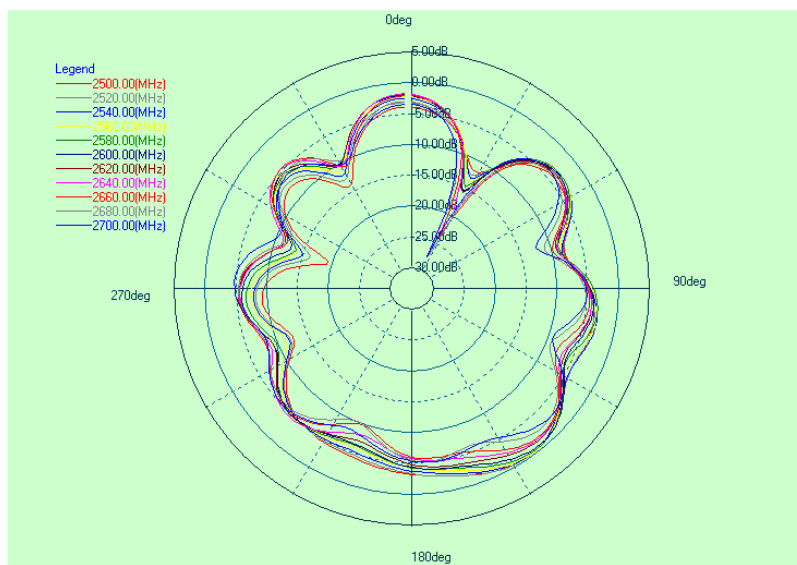

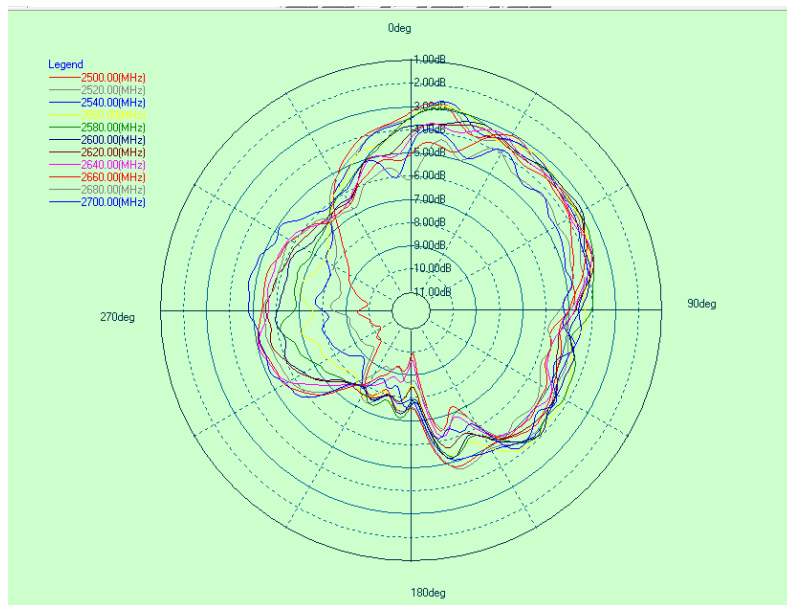

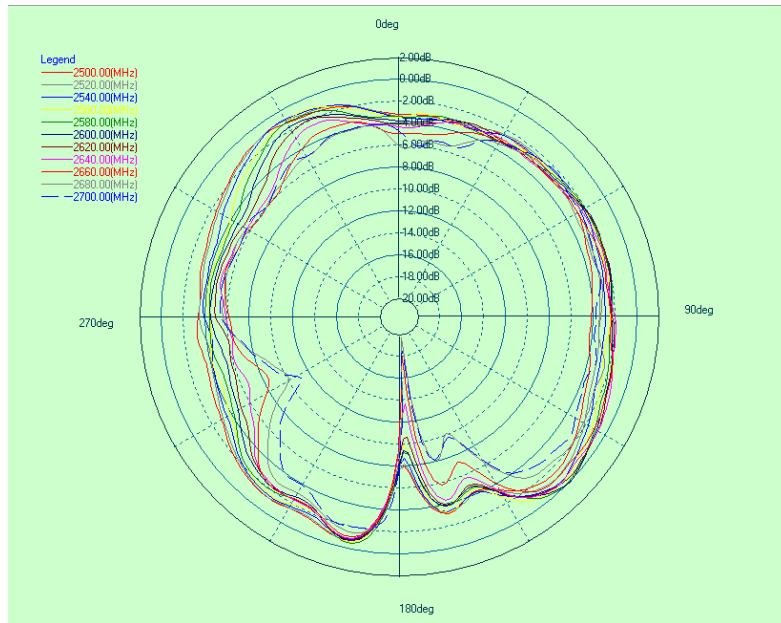

| TYPE                            |                                               |
|---------------------------------|-----------------------------------------------|
| Frequency                       | GSM 850/WCDMA B5: 824–896 MHz                 |
|                                 | GSM 900: 880–960 MHz                          |
|                                 | DCS (1800)/WCDMA B4/LTE B4/B66: 1710–1880 MHz |
|                                 | PCS (1900)/ WCDMA B2/LTE B2: 1880–1990 MHz    |
|                                 | LTE B28: 710-790 MHz                          |
|                                 | LTE B7: 2510–2690 MHz                         |
|                                 | BT:2.4G                                       |
| Main Antenna Gain<br>(Unit:dBi) | GSM 850/WCDMA B5:-0.6                         |
|                                 | GSM 900:-2.1                                  |
|                                 | DCS (1800)/WCDMA B4/LTE B4/B66: 0.4           |
|                                 | PCS (1900)/ WCDMA B2/LTE B2: 0.6              |
|                                 | LTE B28: -2.8                                 |
|                                 | LTE B7: 0.5                                   |
|                                 | BT 2.4G: 0.9                                  |

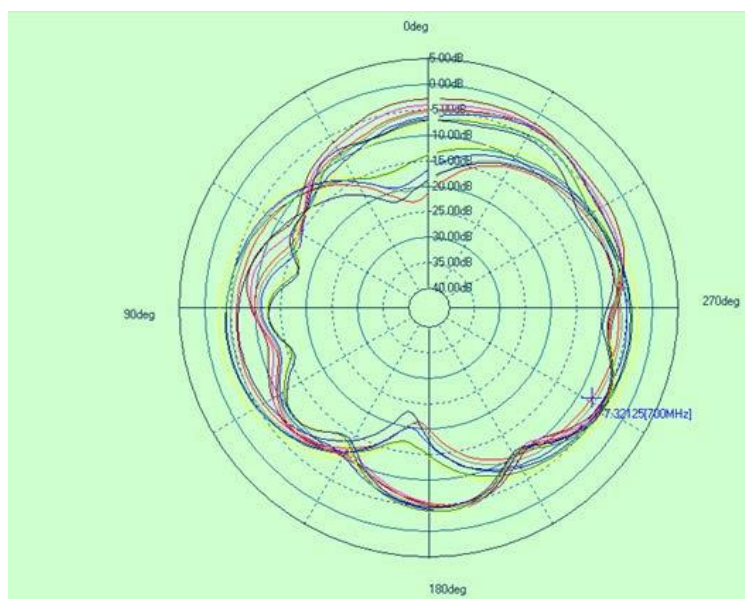

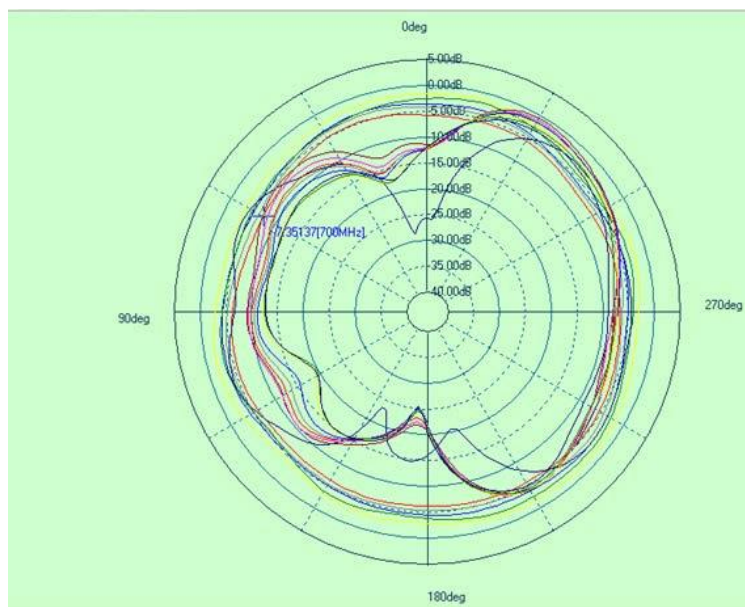

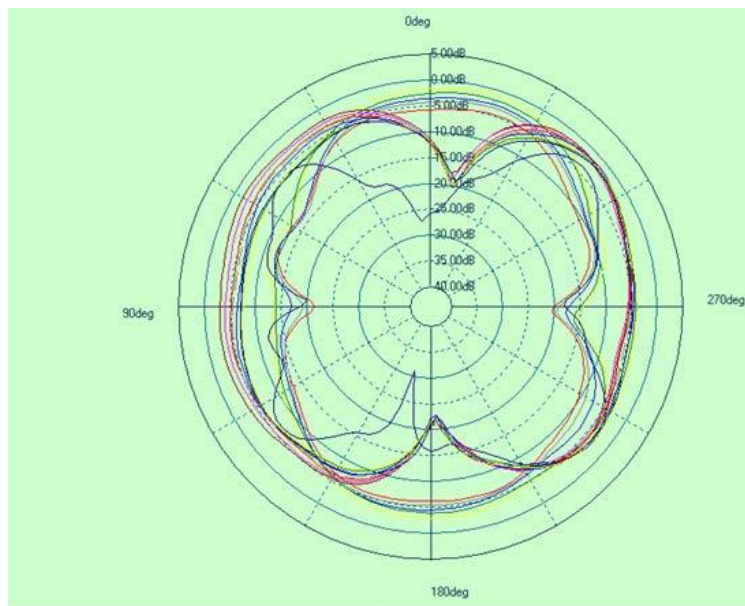

Main Antenna

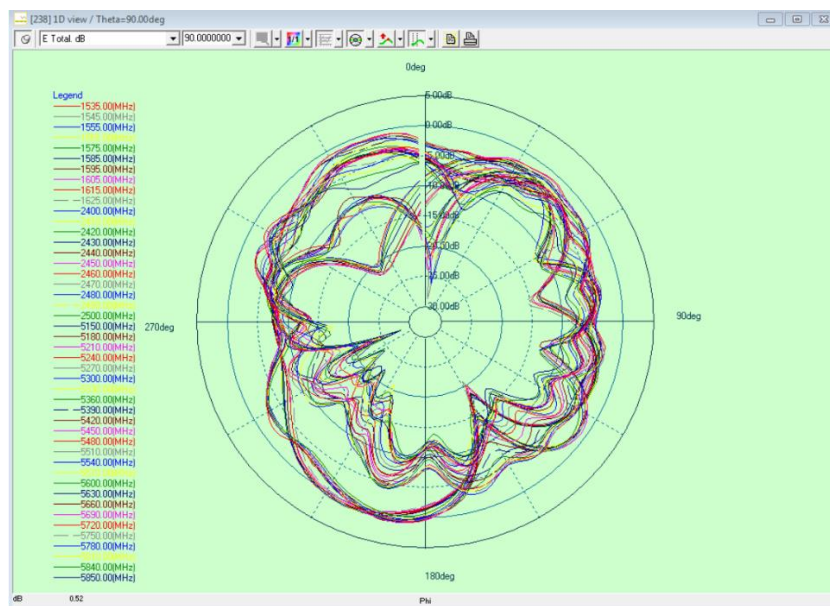

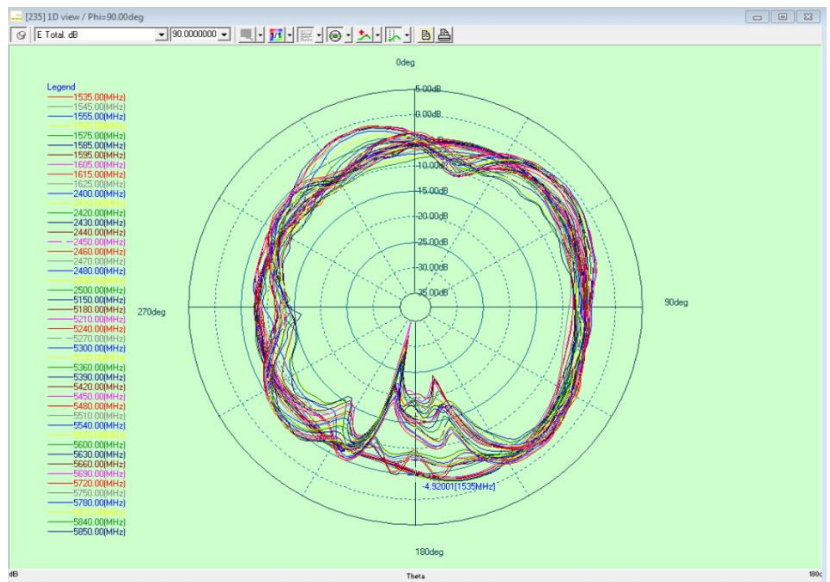

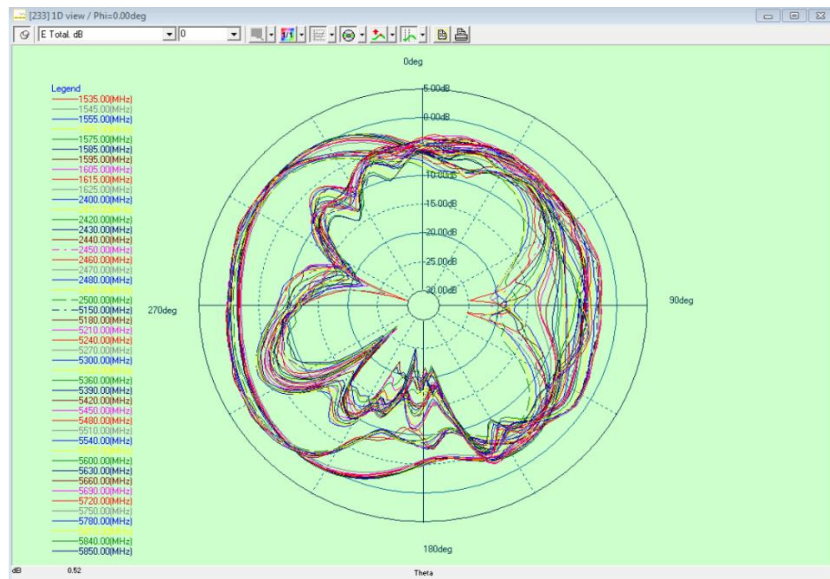

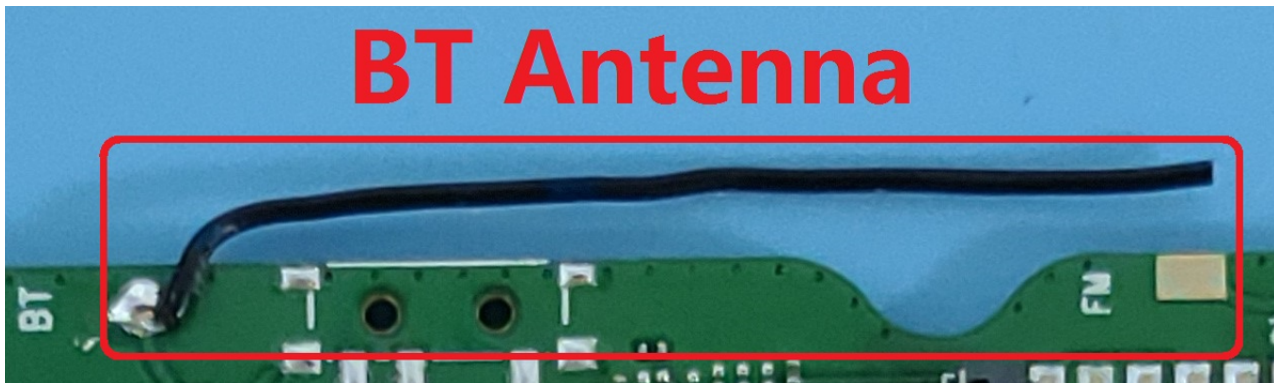

# Antenna Photo

Manufacture: Shenzhen Tianyutong Electronic Technology Co. LTD  
Address: 701, Building 212, Taran, Chegongmiao Industrial Zone, Shatou Street,  
Futian District, Shenzhen, Guangdong, China  
Antenna Model: K70-1B  
Note: GSM, WCDMA, LTE Antenna & BT Antenna models, Manufacture are the same.
