| <p><b>EUT View 1</b></p> |  A photograph showing a black mobile phone, a black power adapter, and a black USB cable. The phone is positioned vertically next to a ruler. The power adapter and USB cable are placed to the right of the phone. The ruler is placed horizontally below the phone and vertically to the left of the power adapter and USB cable. The background is blue. |
| <p><b>EUT View 2</b></p> |  A photograph showing a black mobile phone next to a ruler. The phone is positioned vertically next to the ruler. The ruler is placed horizontally below the phone and vertically to the left of the phone. The background is blue.                                                                                                                        |

|                   |                                                                                                                                                                                                                                                                                                                                                                                                                           |
|-------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p>EUT View 3</p> |  A black handheld device is shown from the back, positioned vertically on a blue surface. A black ruler with white markings is placed horizontally below the device. The device has a small camera lens and a flash at the top. A white label at the bottom of the device reads "Smart POS Input: 5V ~ 2A" and "SN: 0310841050343655".  |
| <p>EUT View 4</p> |  A black handheld device is shown from the back, positioned vertically on a blue surface. A black ruler with white markings is placed horizontally below the device. The device has a small camera lens and a flash at the top. A white label at the bottom of the device reads "Smart POS Input: 5V ~ 2A" and "SN: 0310841050343655". |
