

12 FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) This device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference to other licensed operations. However, this equipment may cause interference to other licensed operations, especially radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

11 IC Warning

This device complies with Industry Canada's Interference-free (MRE) standards. Operation is subject to the following two conditions:

- (1) This device may not cause interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation of the device.

A product approved for sale in the United States and Canada is not necessarily approved for sale in other countries.

- (1) Repaired and/or replaced parts must be of the same type and make as the original parts.
- (2) Repaired and/or replaced parts must be of the same type and make as the original parts.

This device is a digital apparatus compliant with Canadian ICES-003.

Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

When using the product, maintain a distance of 20cm from the body to ensure compliance with RF exposure requirements.

Declaration F-107
Conformité de l'appareil au produit, maintenance et distance de 20 cm du corps

Conformité de l'appareil au produit, maintenance et distance de 20 cm du corps

09 Warranty Policy

Warranty Period: One Year. *The warranty period commences on the date of purchase.
Shanghai Catlink Intelligent Technology Co., Ltd. warrants the device against defects in materials and workmanship under ordinary consumer use for one year from the date of original purchase.

Non-Warranty:
1- Defects caused by incorrect installation, improper use, or malicious tampering.

2- Malfunctions caused by incorrect installation, improper use, or malicious tampering.

3- Damage caused by force majeure.

07 Product Information

Name	Catlink smart pet dryer
Model	C-50401, C-50402, C-50403, C-50404, C-50405, C-50406, C-50407, C-50408, C-50409
Main Material	ABS, tempered glass
Applicable	Cat or Small Dogs
Weight	5.1 kg
Standard	GB4706.1-2005, GB4706.19-2008
Dimensions	487 x 278 x 448 mm
Voltage	220 V
Power	1000 W
Operating Temperature	15 ~ 35 °C
Wireless Connection	Bluetooth
Version	V 1.0.1

08 Detailed Hazard Data

Component	Hazardous Substances					RoHS Restriction (EU)	RoHS Restriction (US)

SMART PET DRYER USER MANUAL

Please read carefully and keep this manual for future reference.

01 Important Safety Instructions

Failure to comply with the following conditions may result in product malfunctions or unexpected damages.

- [illegible]

02 Product

03 Buttons and Display

04 Operation Instructions

First-time Usage

Turn on the power switch. The default mode is Comfort Drying.

There are two drying modes, Comfort Drying mode lasting 80 minutes, and Quick Drying mode lasting 60 minutes. Comfort Drying mode is a stress-prevention mode, and it is recommended initial use.

- Mode Switch** After **unlocking**, press the pause button to stop, and press the **Mode select** button to switch drying modes.
- Ozone Disinfection** After **unlocking**, press the on/off button and the **Mode select** button at the same time to start.

Do not use the ozone disinfection function when pets are inside the device. Do not use the ozone disinfection function when unattended to prevent pets from accidentally entering the device. Wait for 30 minutes after disinfection is complete before allowing pets to re-enter.
